

How can you create a fun snowman decoration using disposable paper cups, straws, and simple materials? You can place it in mum and dad's car as a quirky ornament, or use it as a winter holiday table decoration to add festive cheer to your home.

Materials Needed

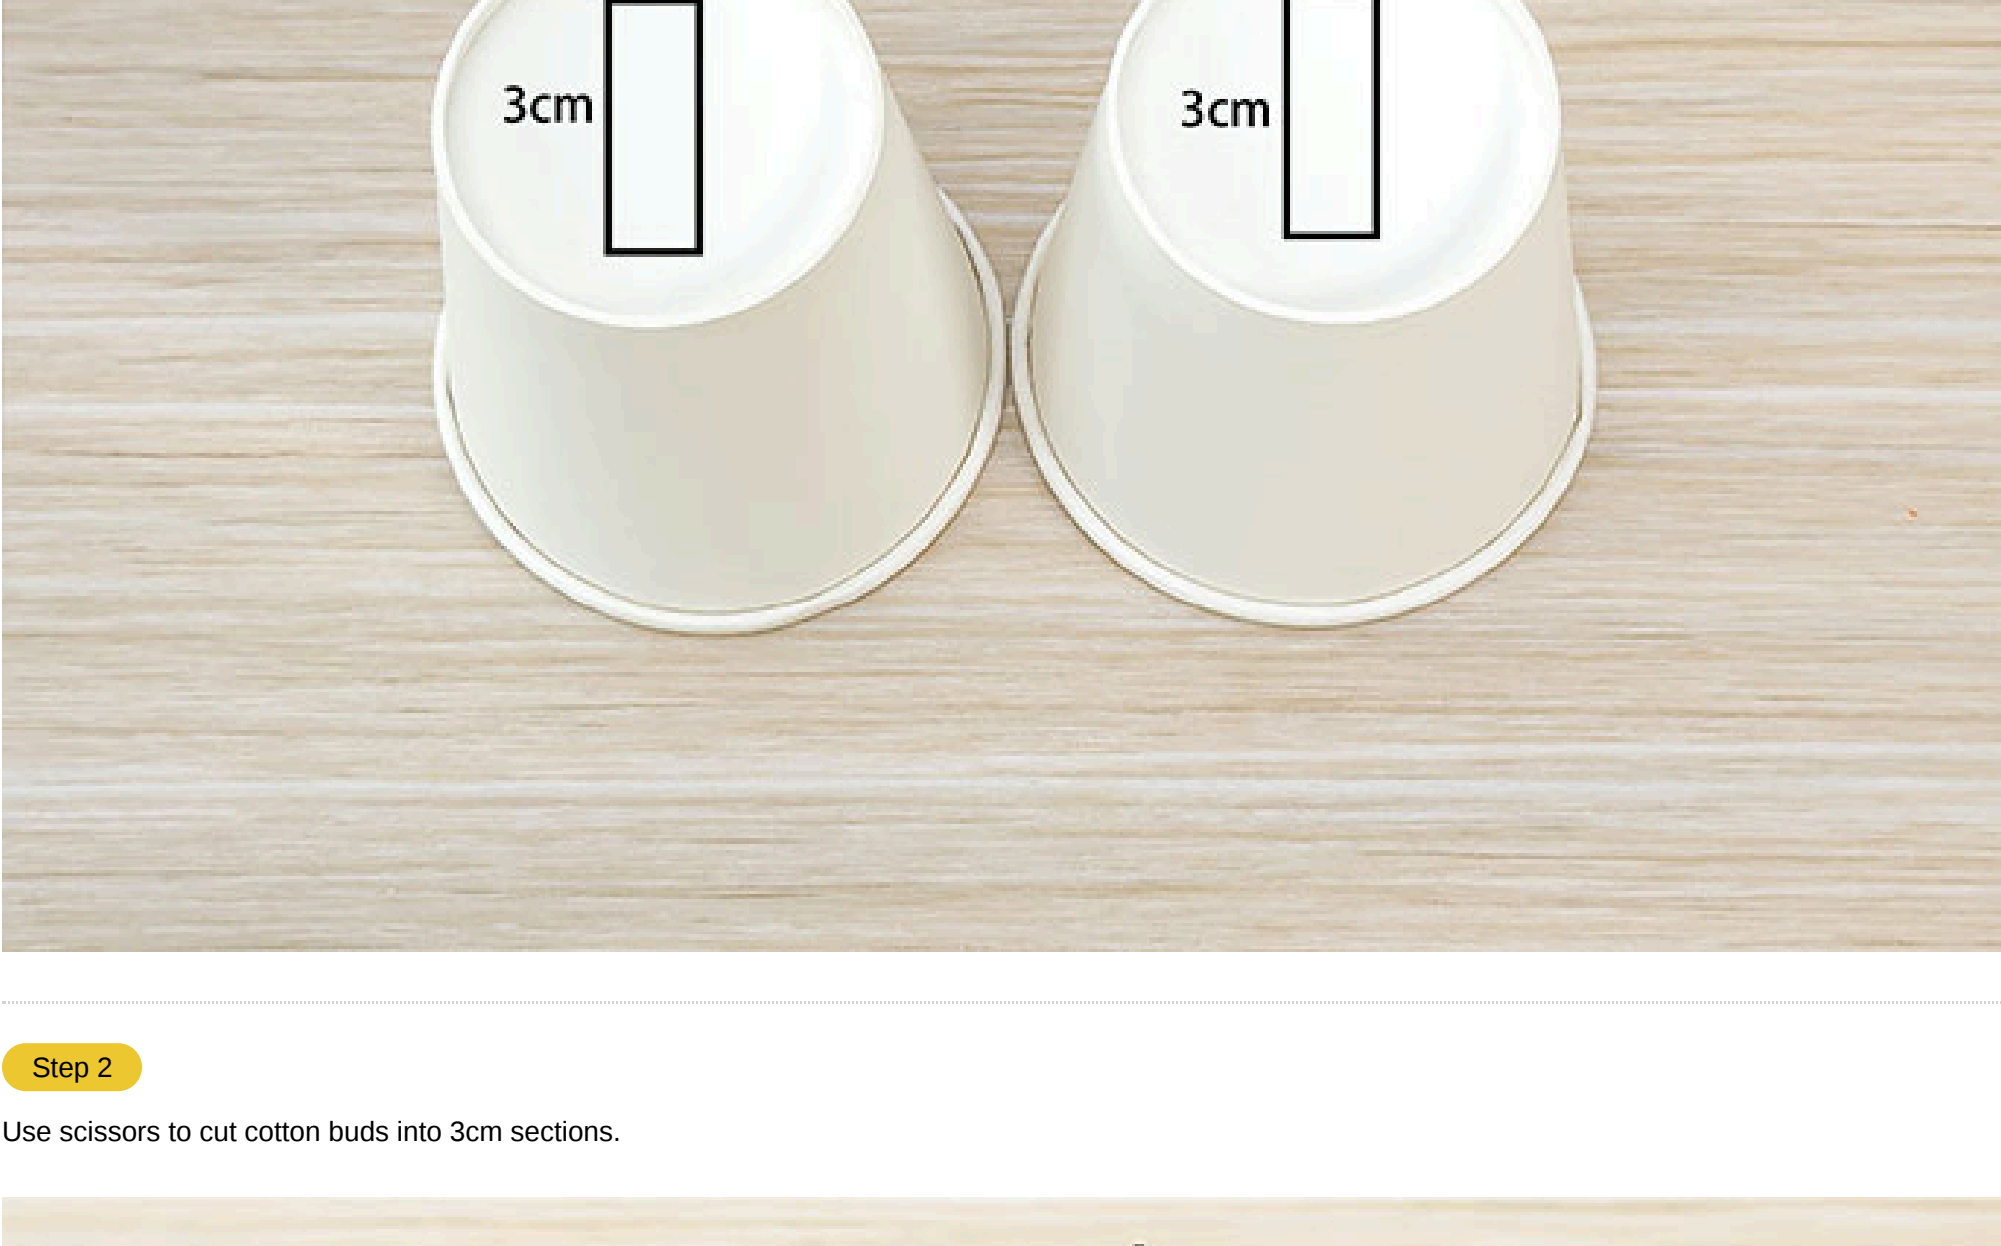

Card paper
Bottle caps
Pencil
Markers
Googly eyes
Paper cups
Cotton buds
Clips
Double-sided tape
Scissors
Ruler

Step-by-step tutorial

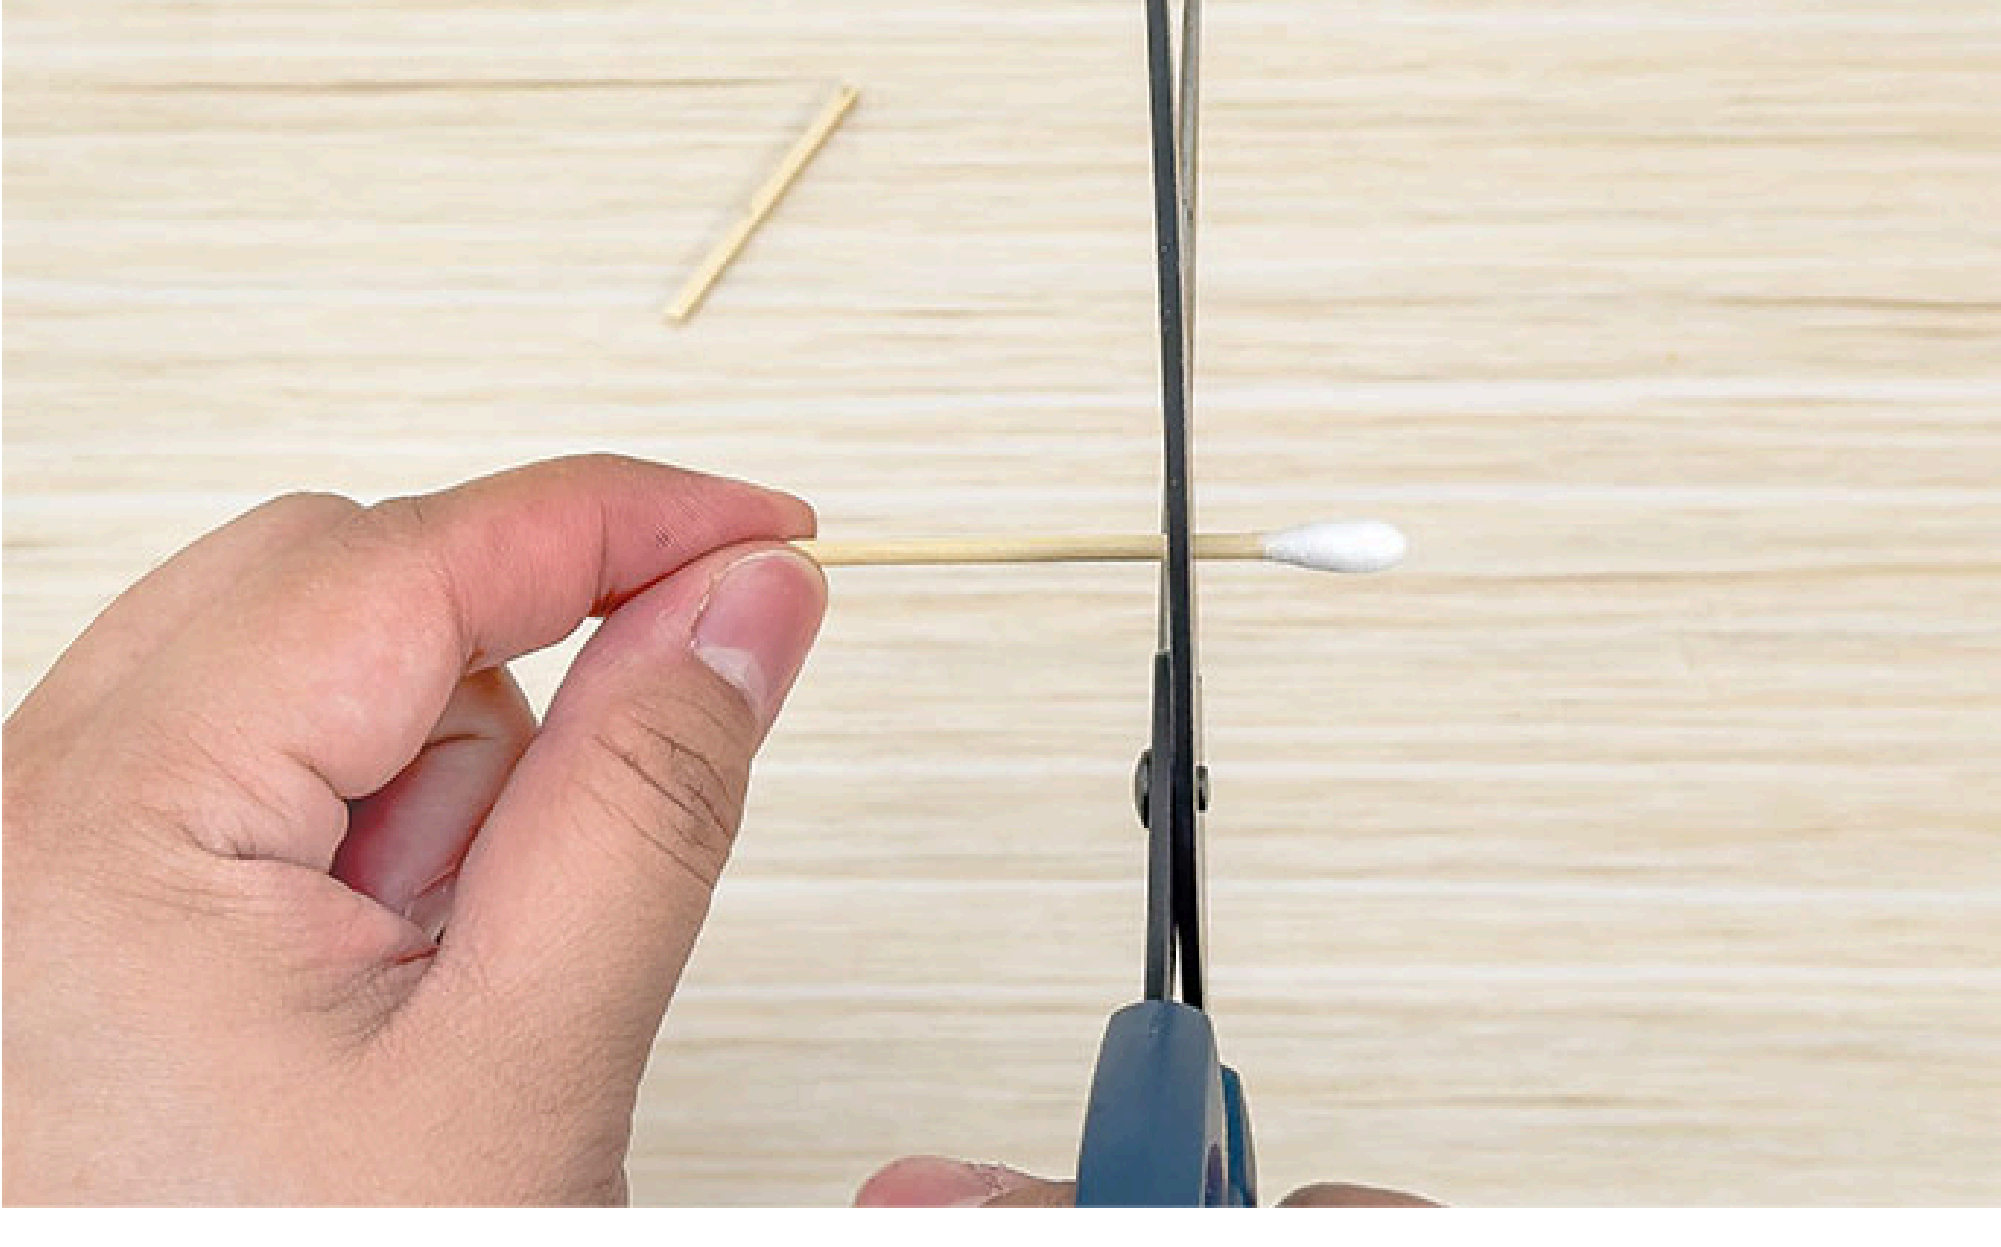

Step 1

Take the card paper and fold it in half twice.

Step 2

Use scissors to cut cotton buds into 3cm sections.

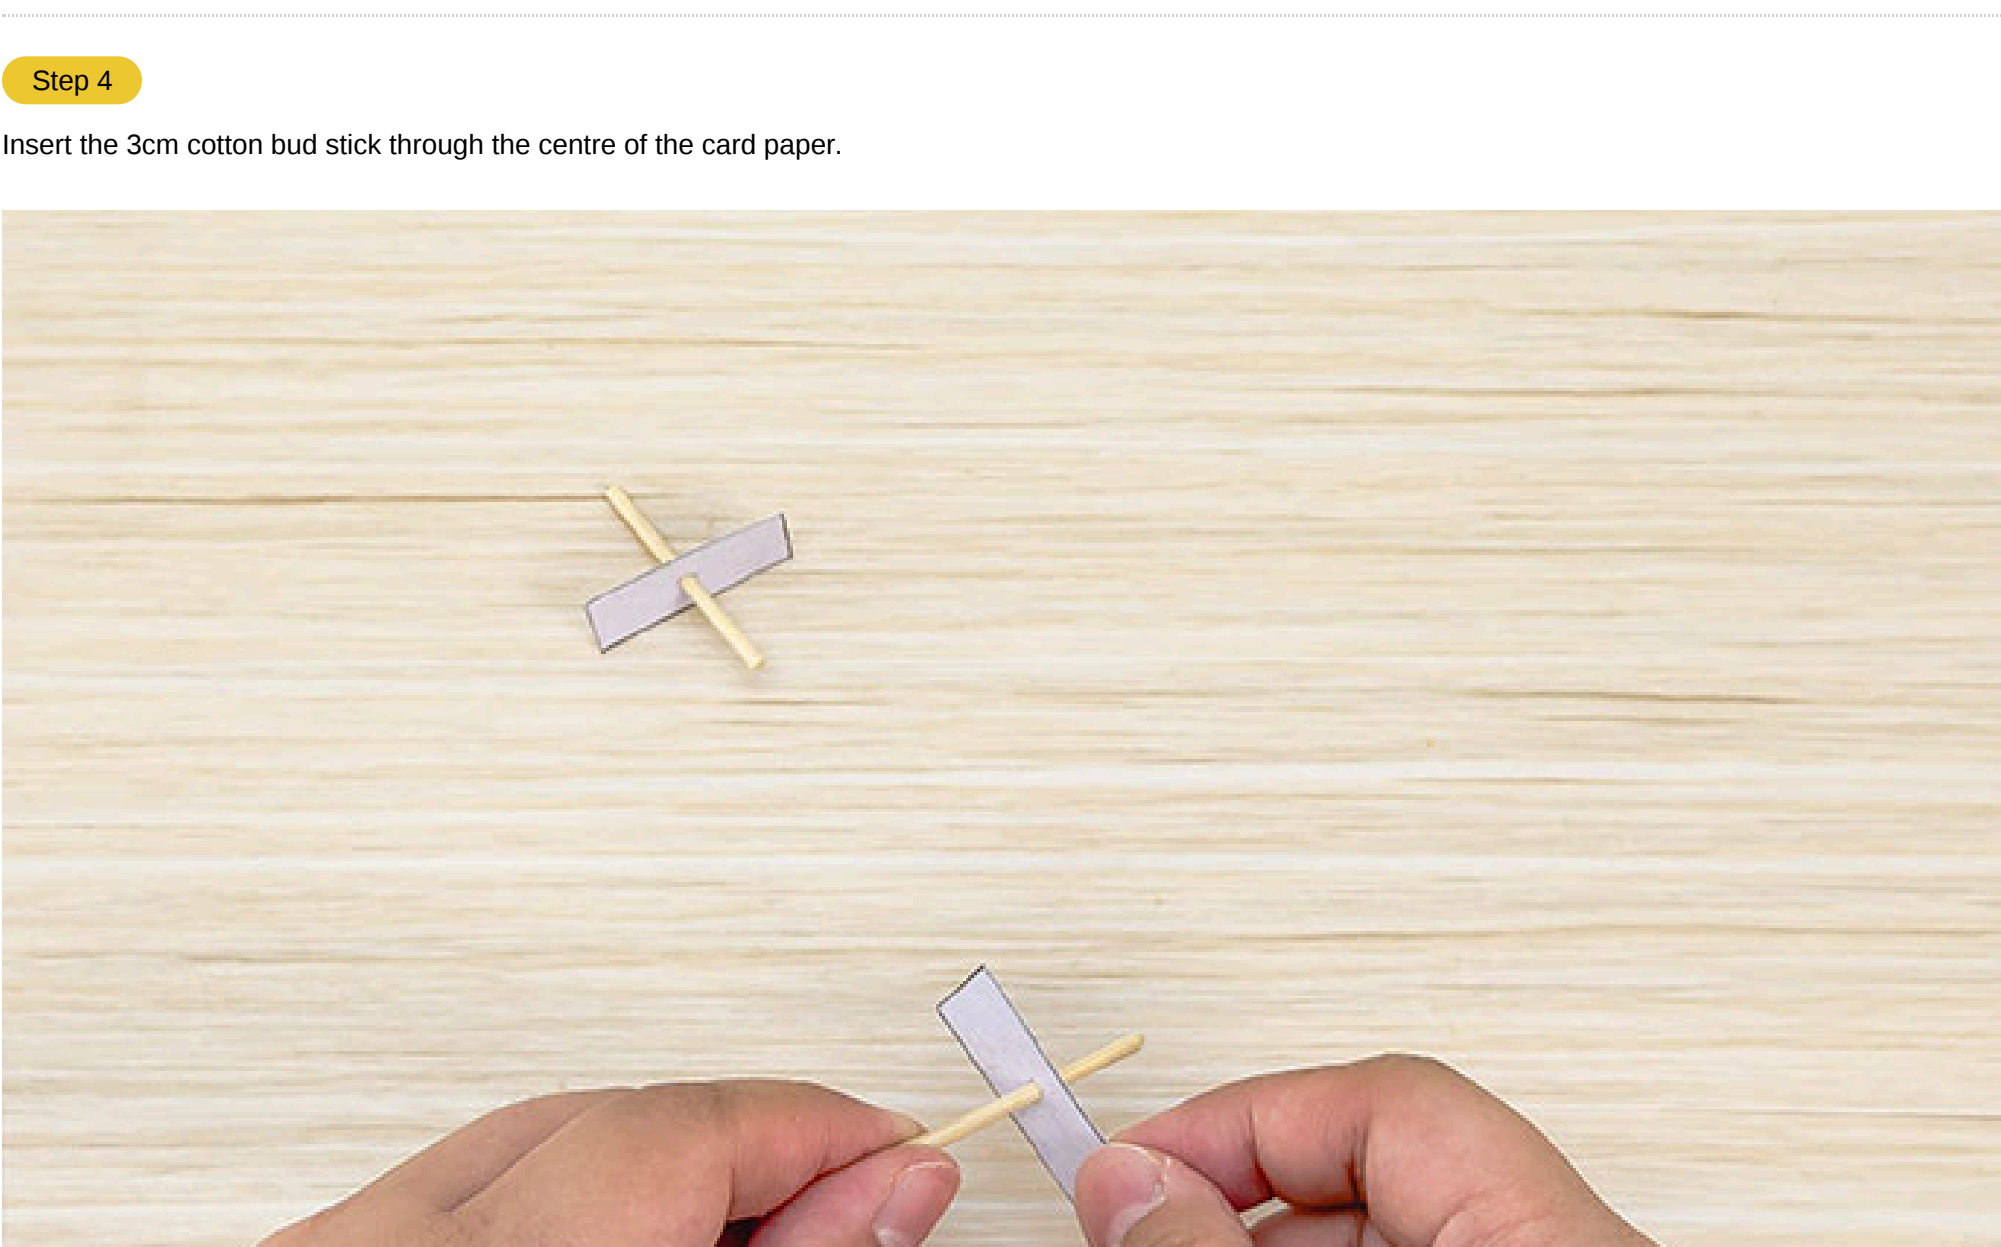

Step 3

Draw two 1cm x 3cm rectangles on the card paper and cut them out.

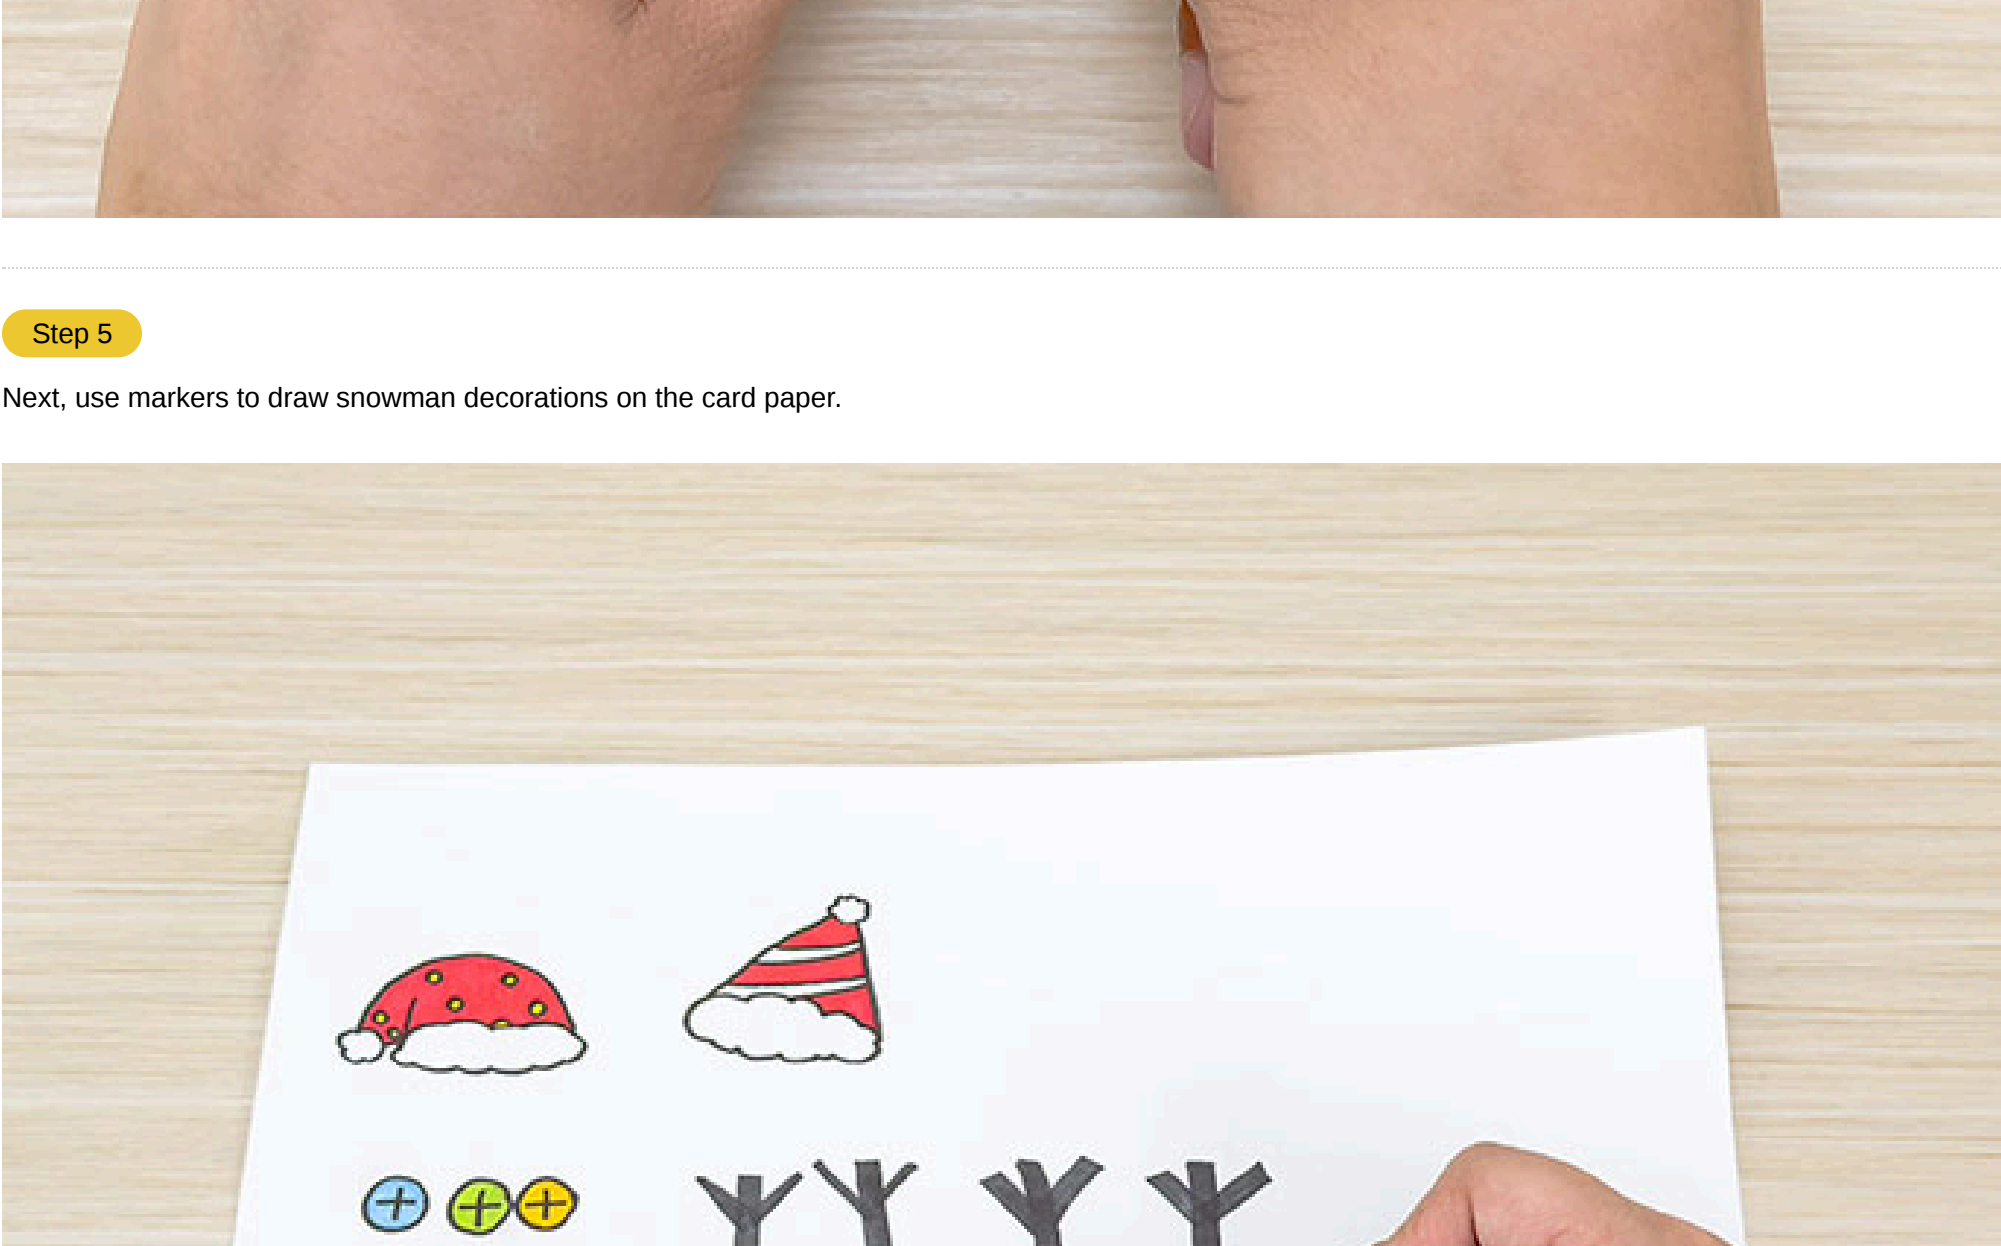

Step 4

Insert the 3cm cotton bud stick through the centre of the card paper.

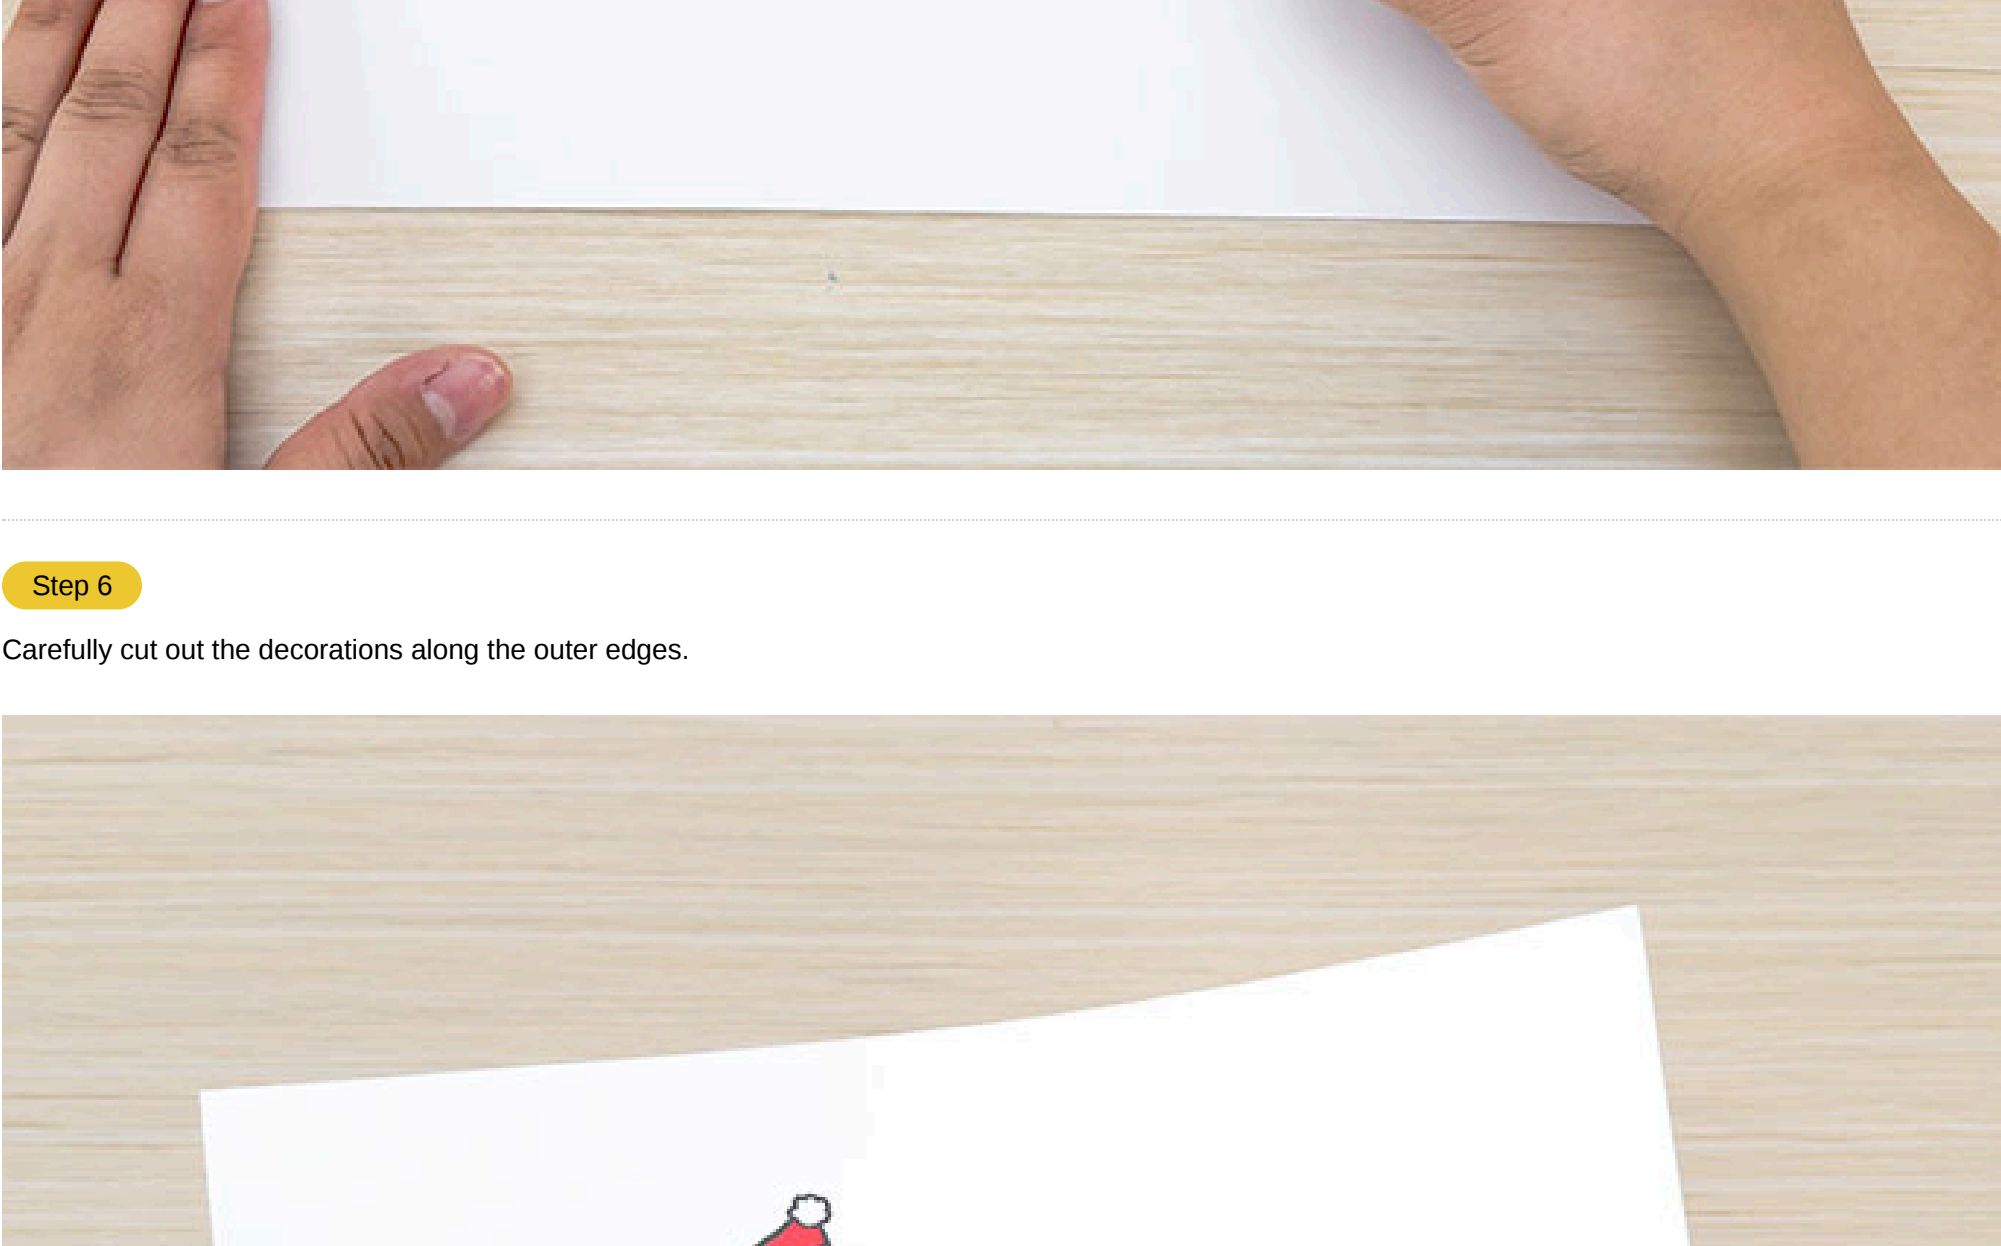

Step 5

Next, use markers to draw snowman decorations on the card paper.

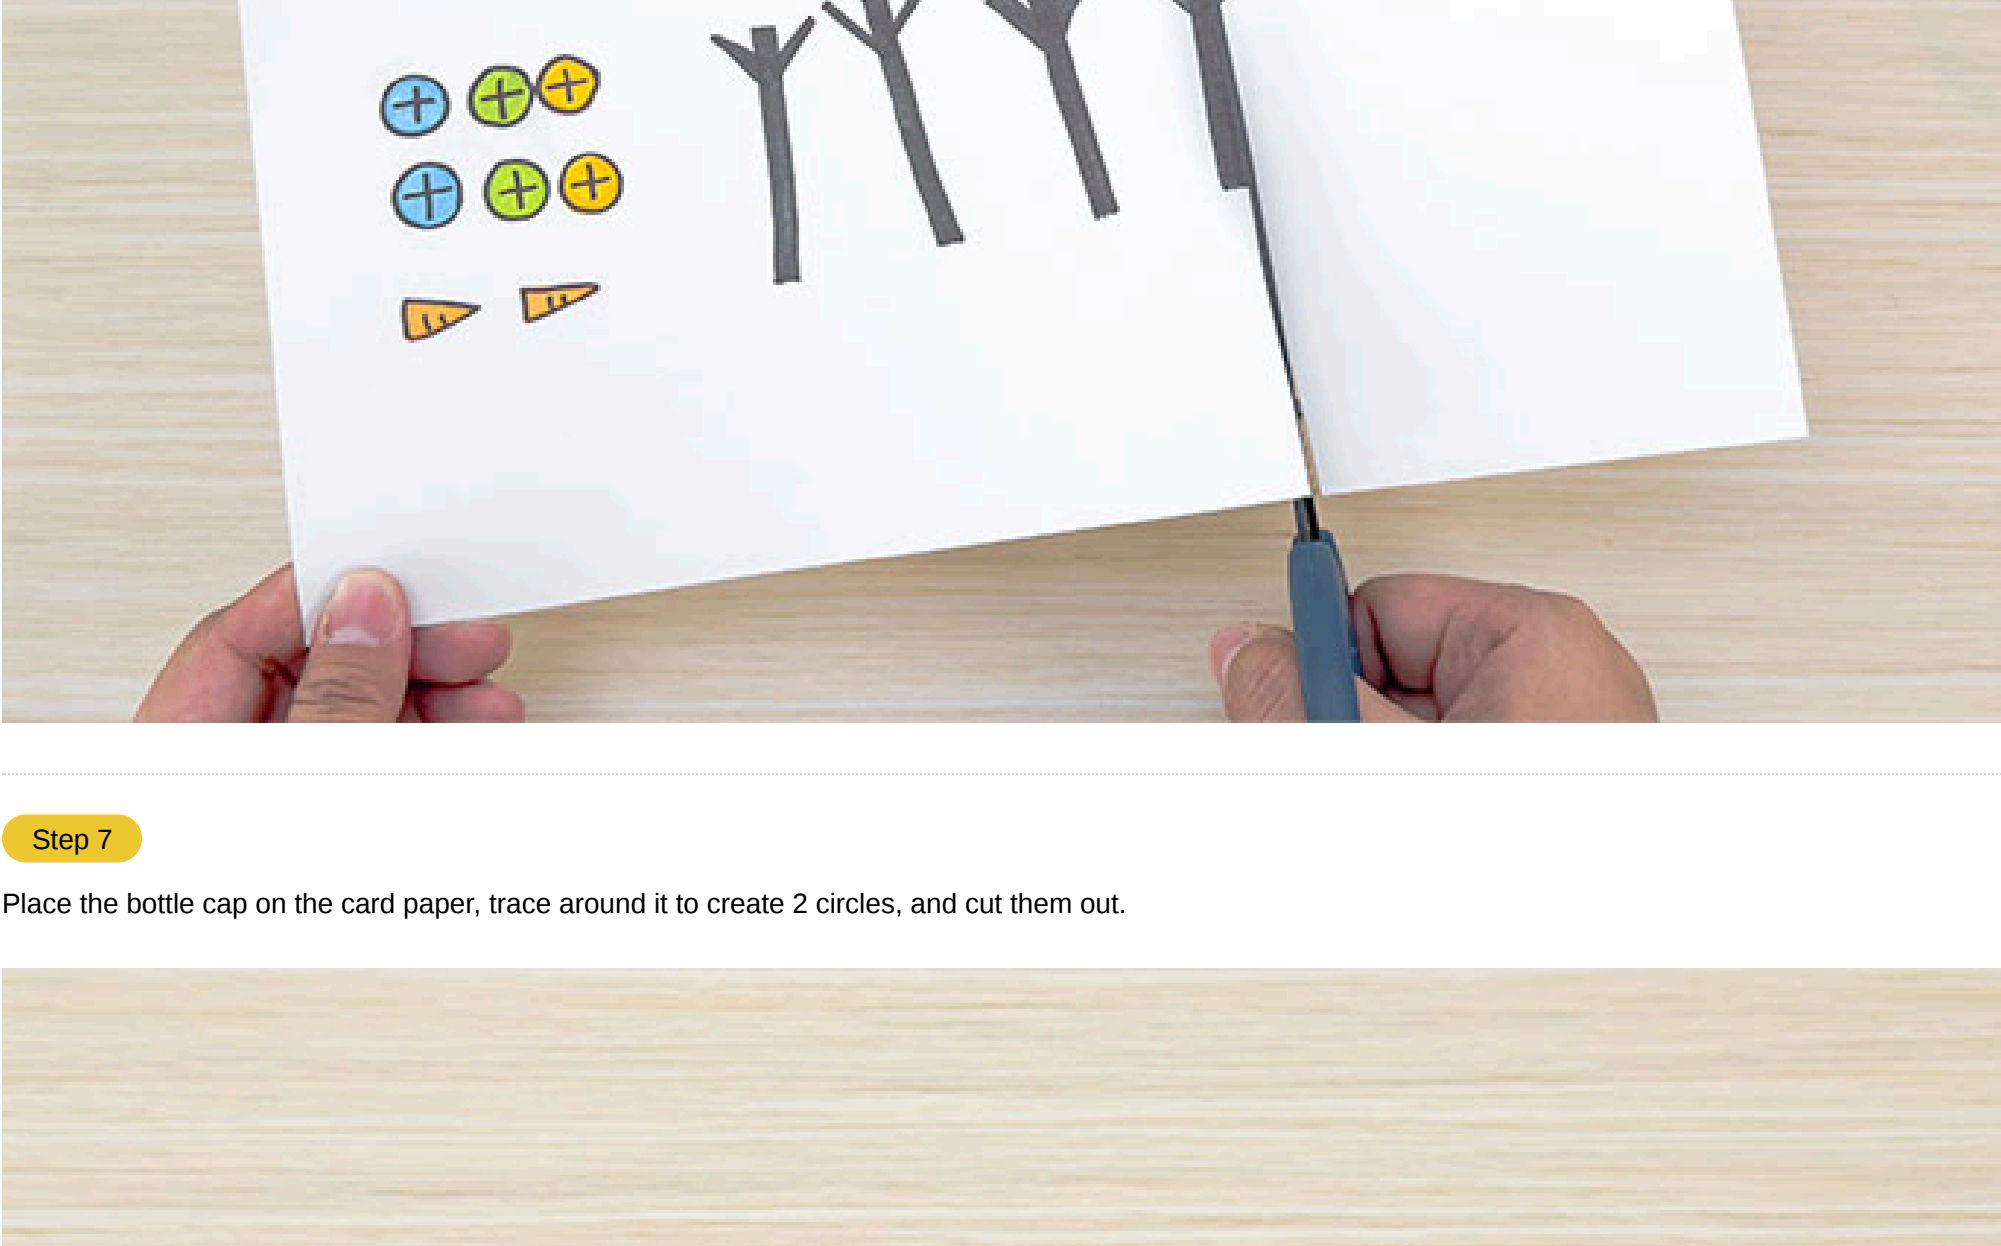

Step 6

Carefully cut out the decorations along the outer edges.

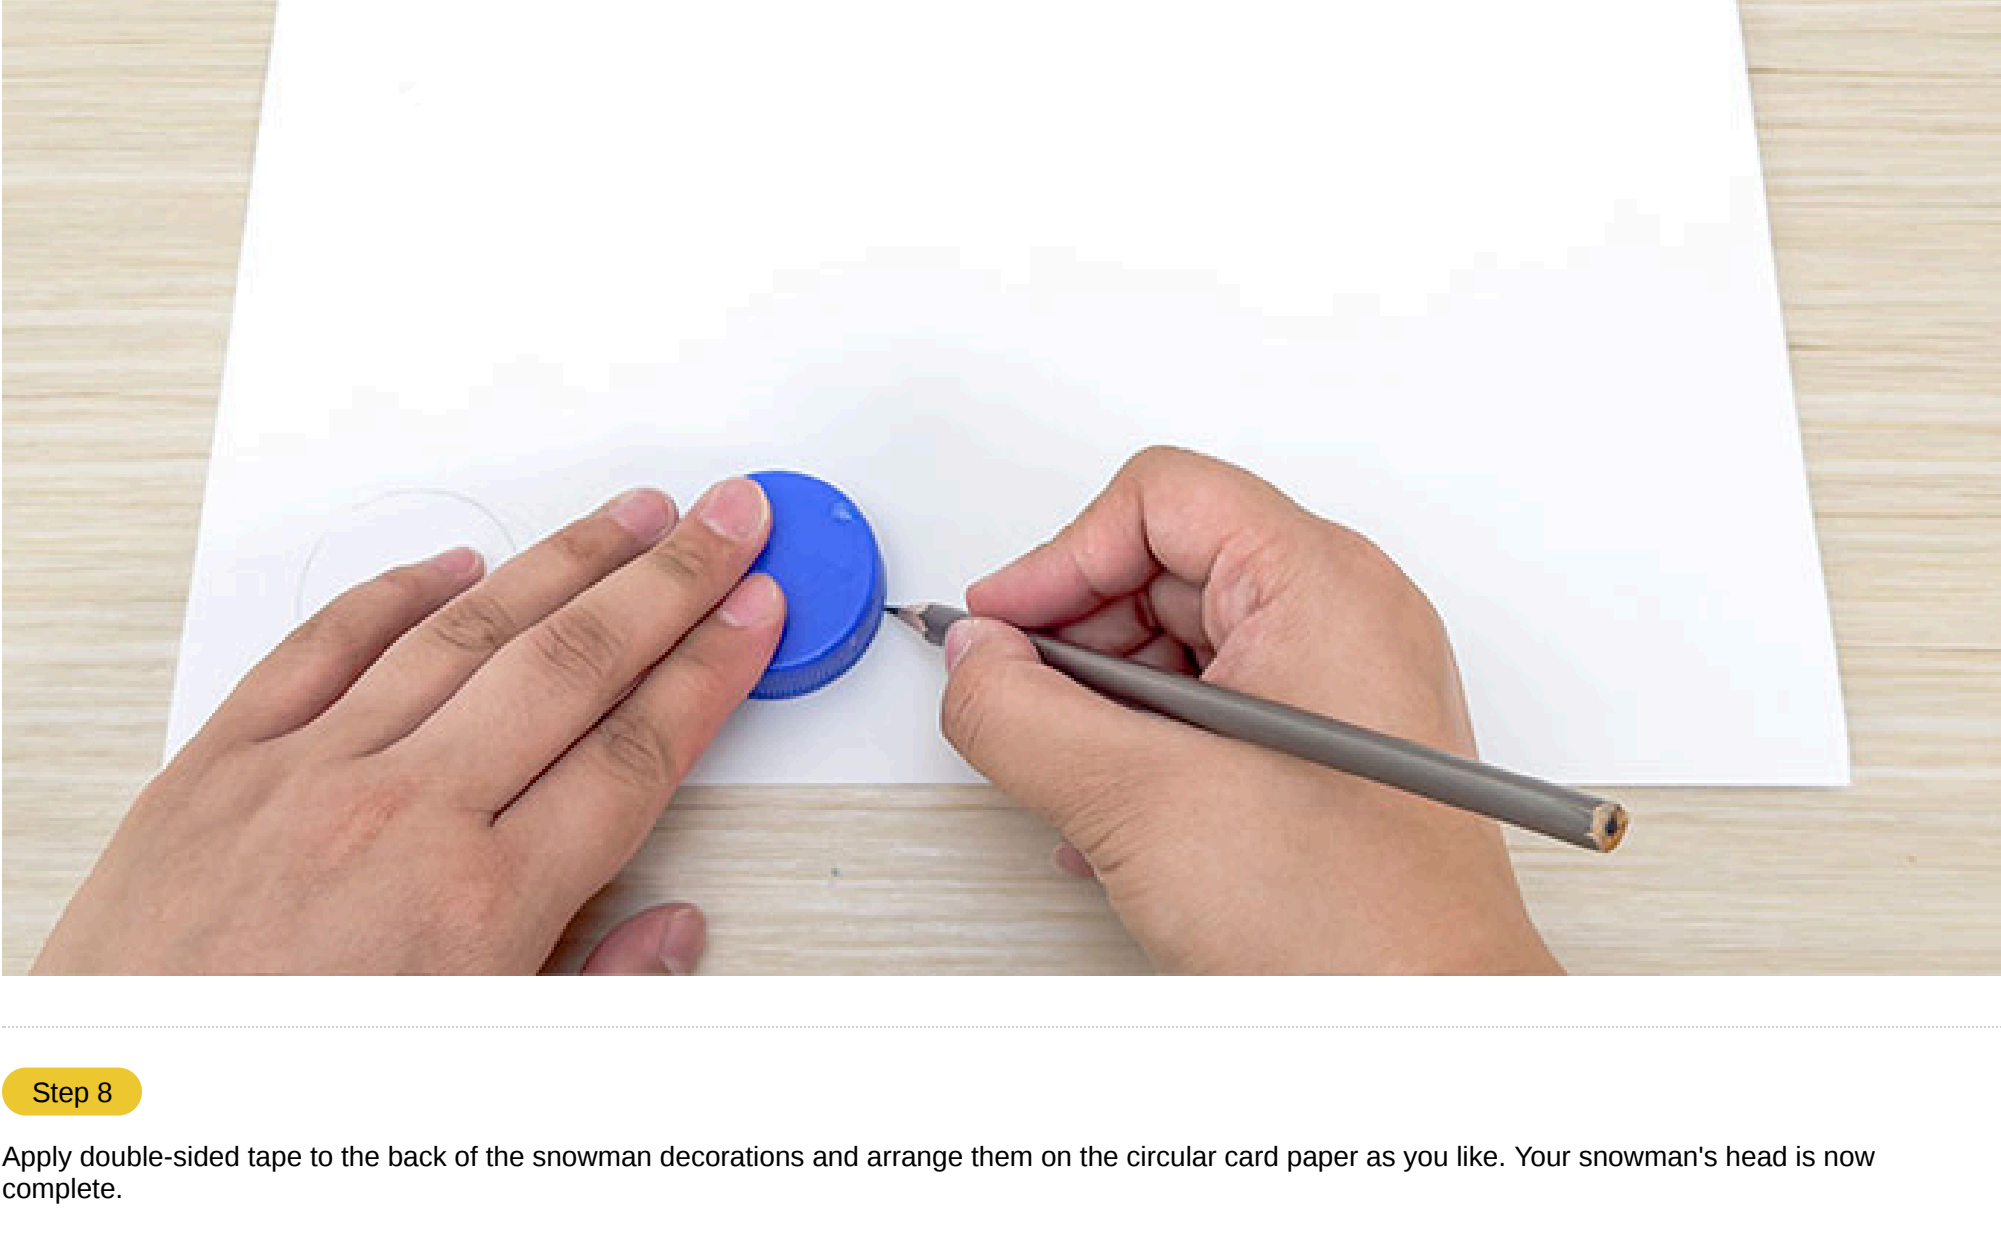

Step 7

Place the bottle cap on the card paper, trace around it to create 2 circles, and cut them out.

Step 8

Apply double-sided tape to the back of the snowman decorations and arrange them on the circular card paper as you like. Your snowman's head is now complete.

Step 9

Place the cotton bud stick from step 4 in the groove at the bottom of the paper cup, as shown. Then turn the cup over and clip the card paper inside the cup with the clips.

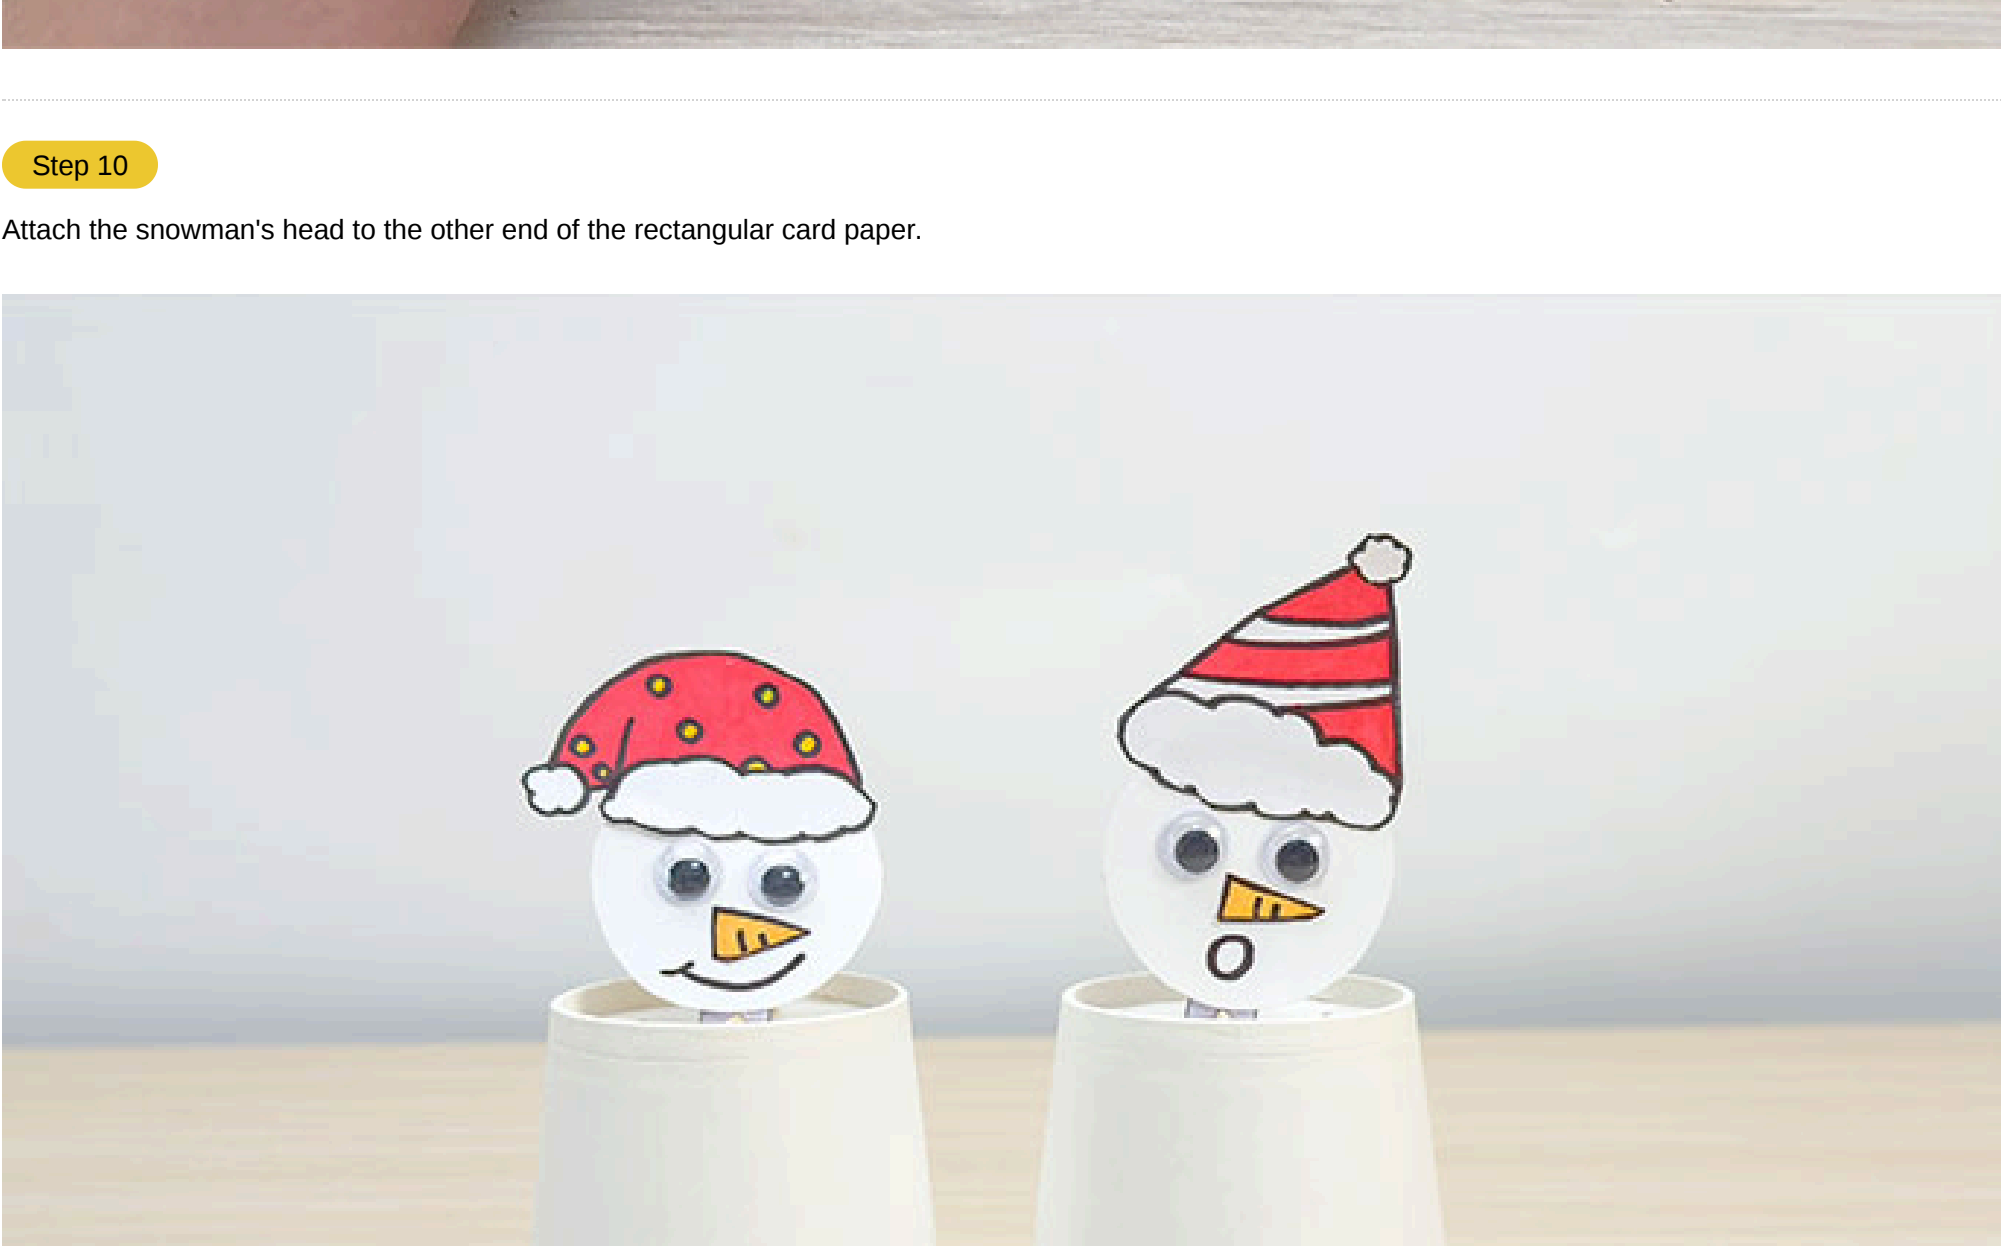

Step 10

Attach the snowman's head to the other end of the rectangular card paper.

Step 11

Stick the remaining decorations on the snowman paper cup.

Step 12

Gently push the snowman's head, and it will start bobbing.
