

Hidden Santa

Artistic Adventures

Ages: 3-5

Less than 30 minutes

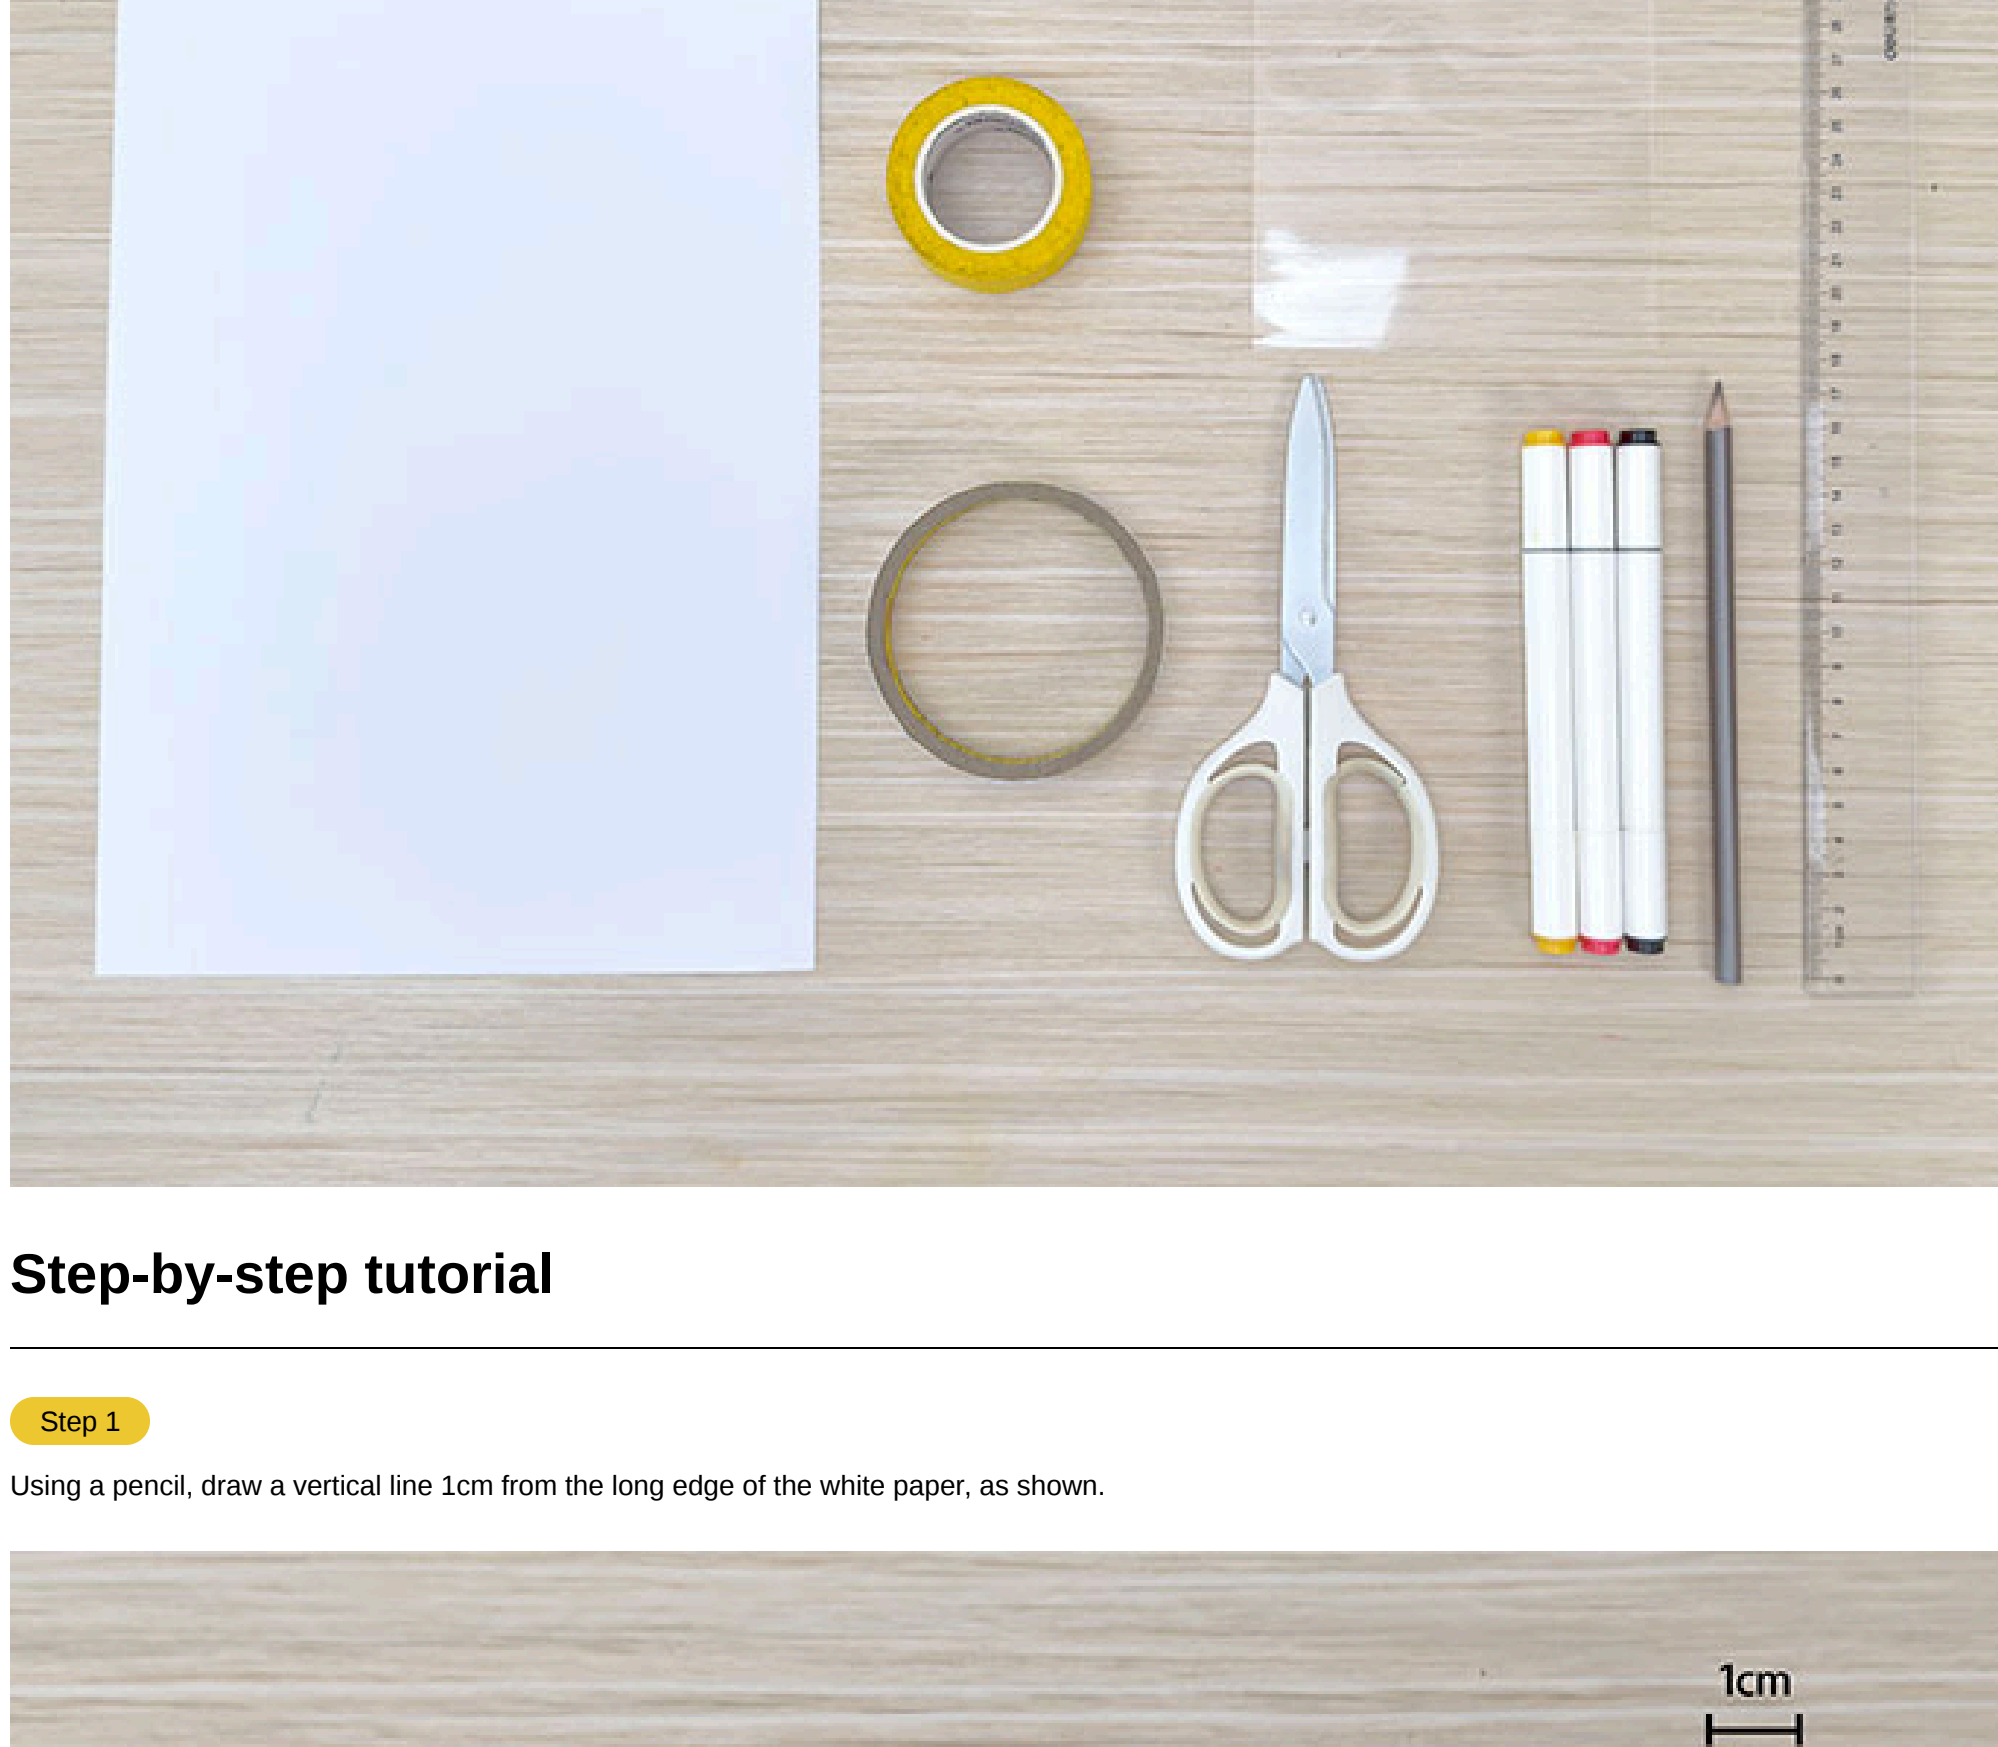

Grownup needed

It's not just Father Christmas who can perform Christmas magic - your child can too! This simple activity is perfect for young children and is sure to amaze them!

Materials Needed

White paper
Adhesive tape
Double-sided tape
Scissors
Zip-lock bag
Marker pens
Pencil
Ruler

Step-by-step tutorial

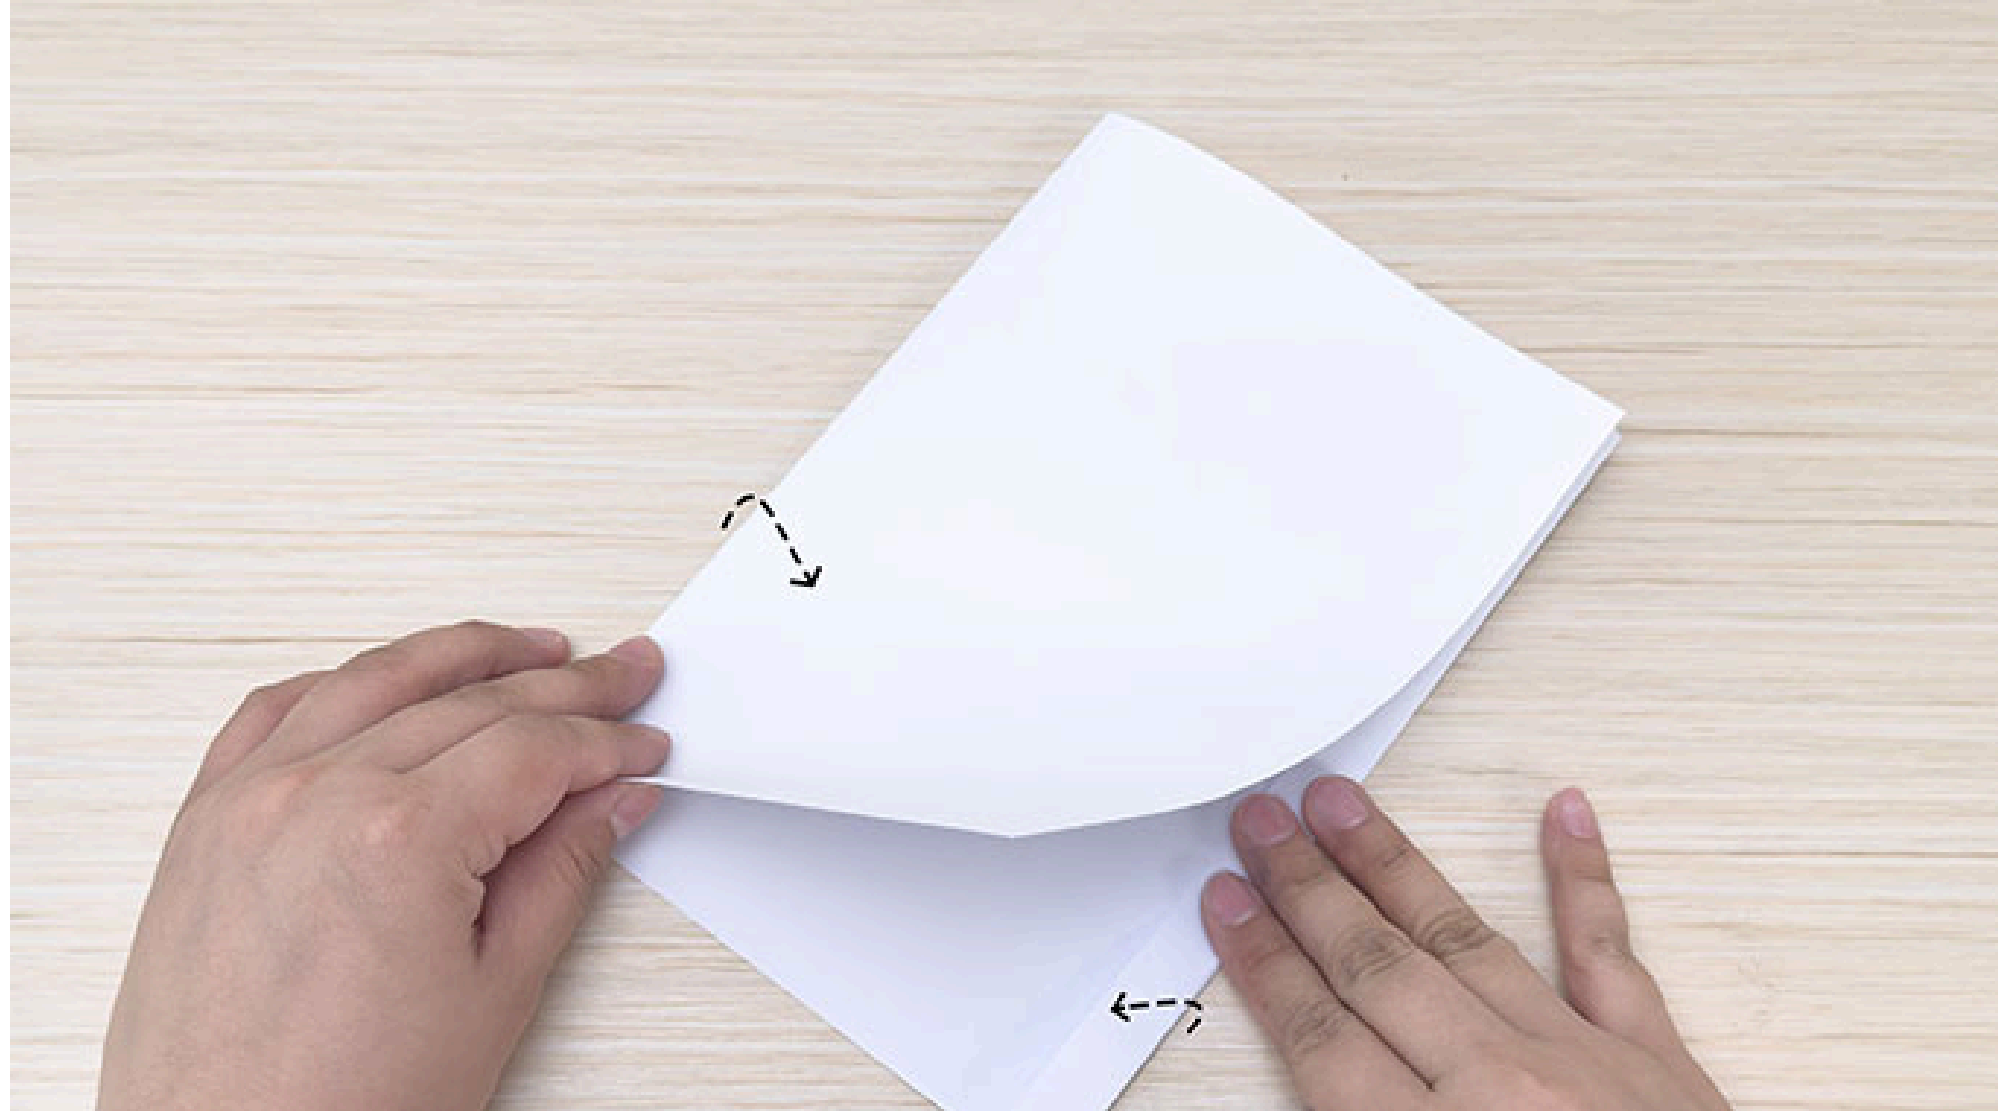

Step 1

Using a pencil, draw a vertical line 1cm from the long edge of the white paper, as shown.

Step 2

Fold the paper along the guideline, then fold this folded paper in half. Repeat the same folding process with another piece of paper.

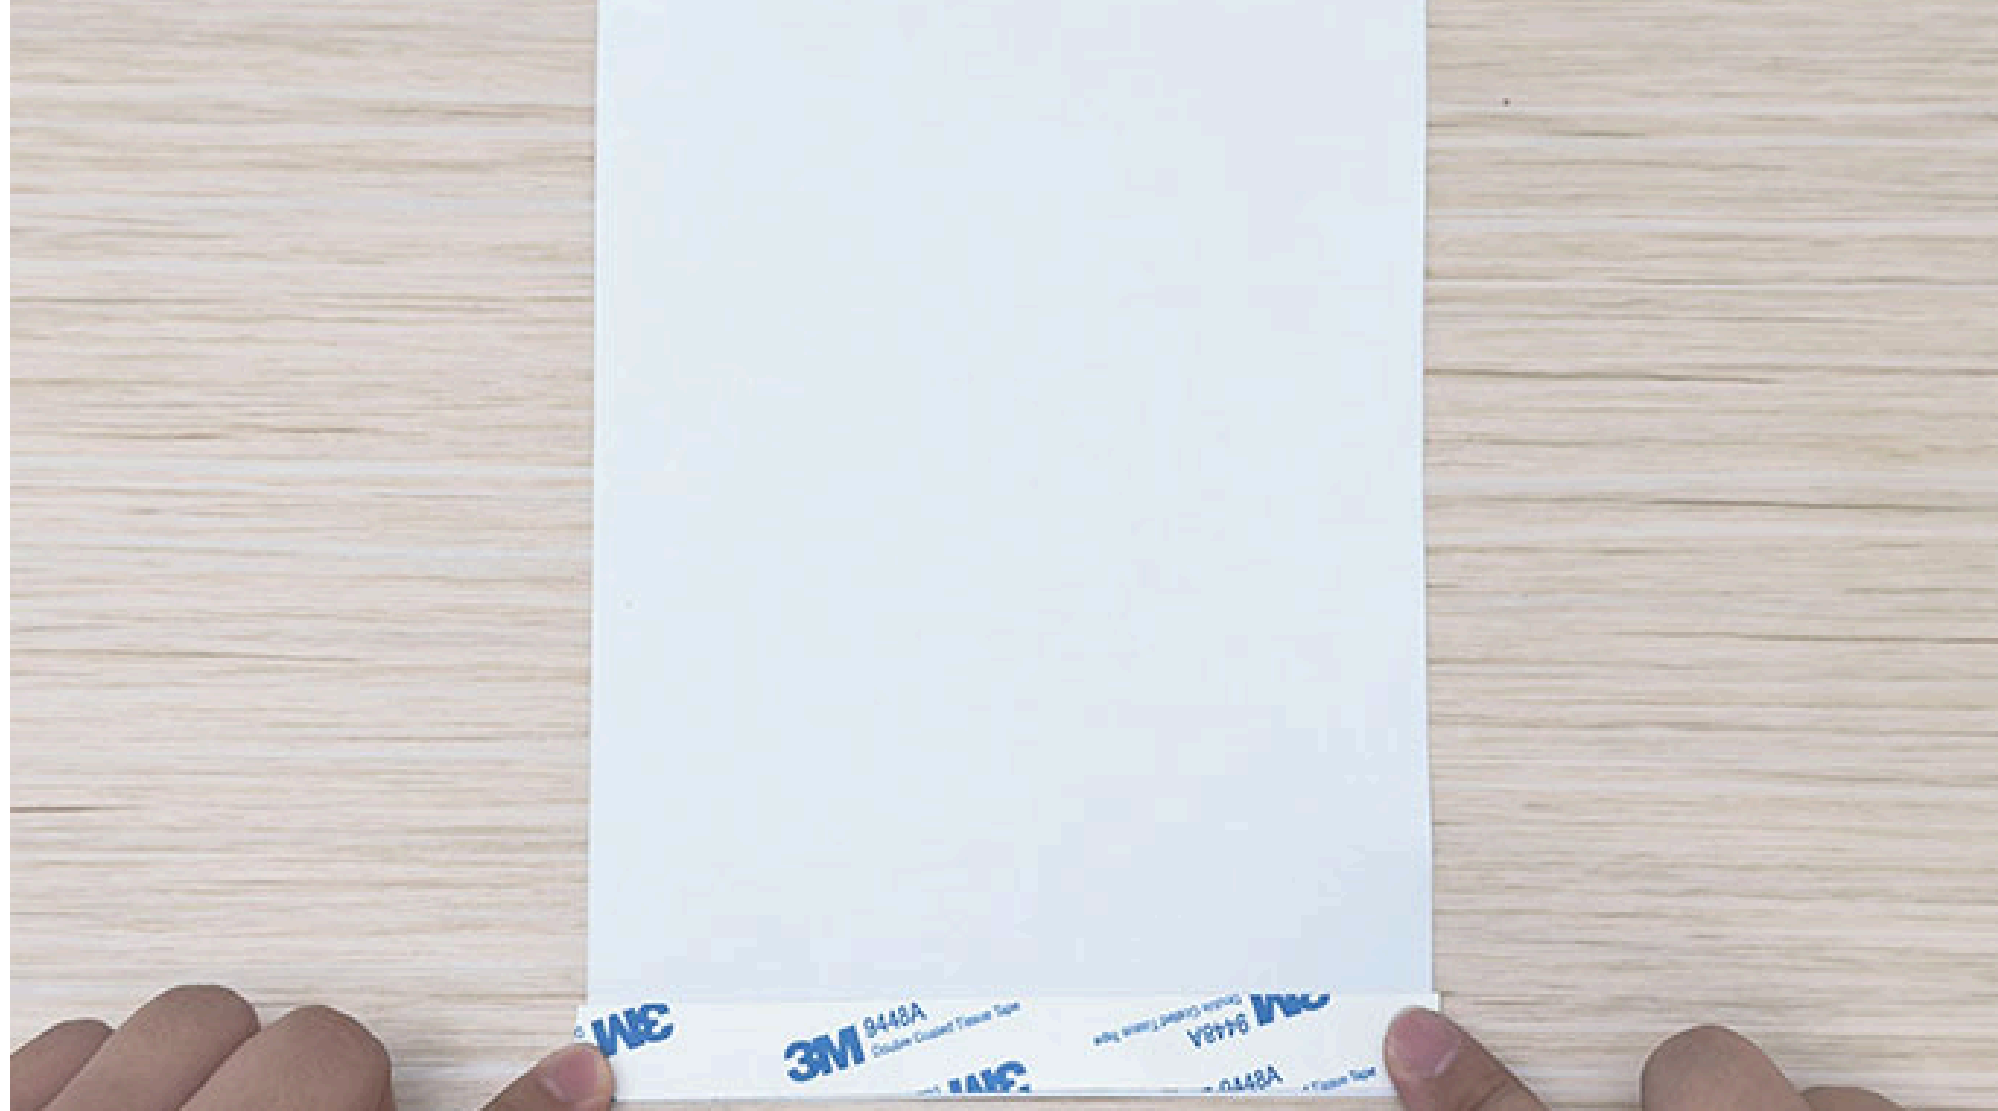

Step 3

Using scissors, cut one of the folded papers along the crease.

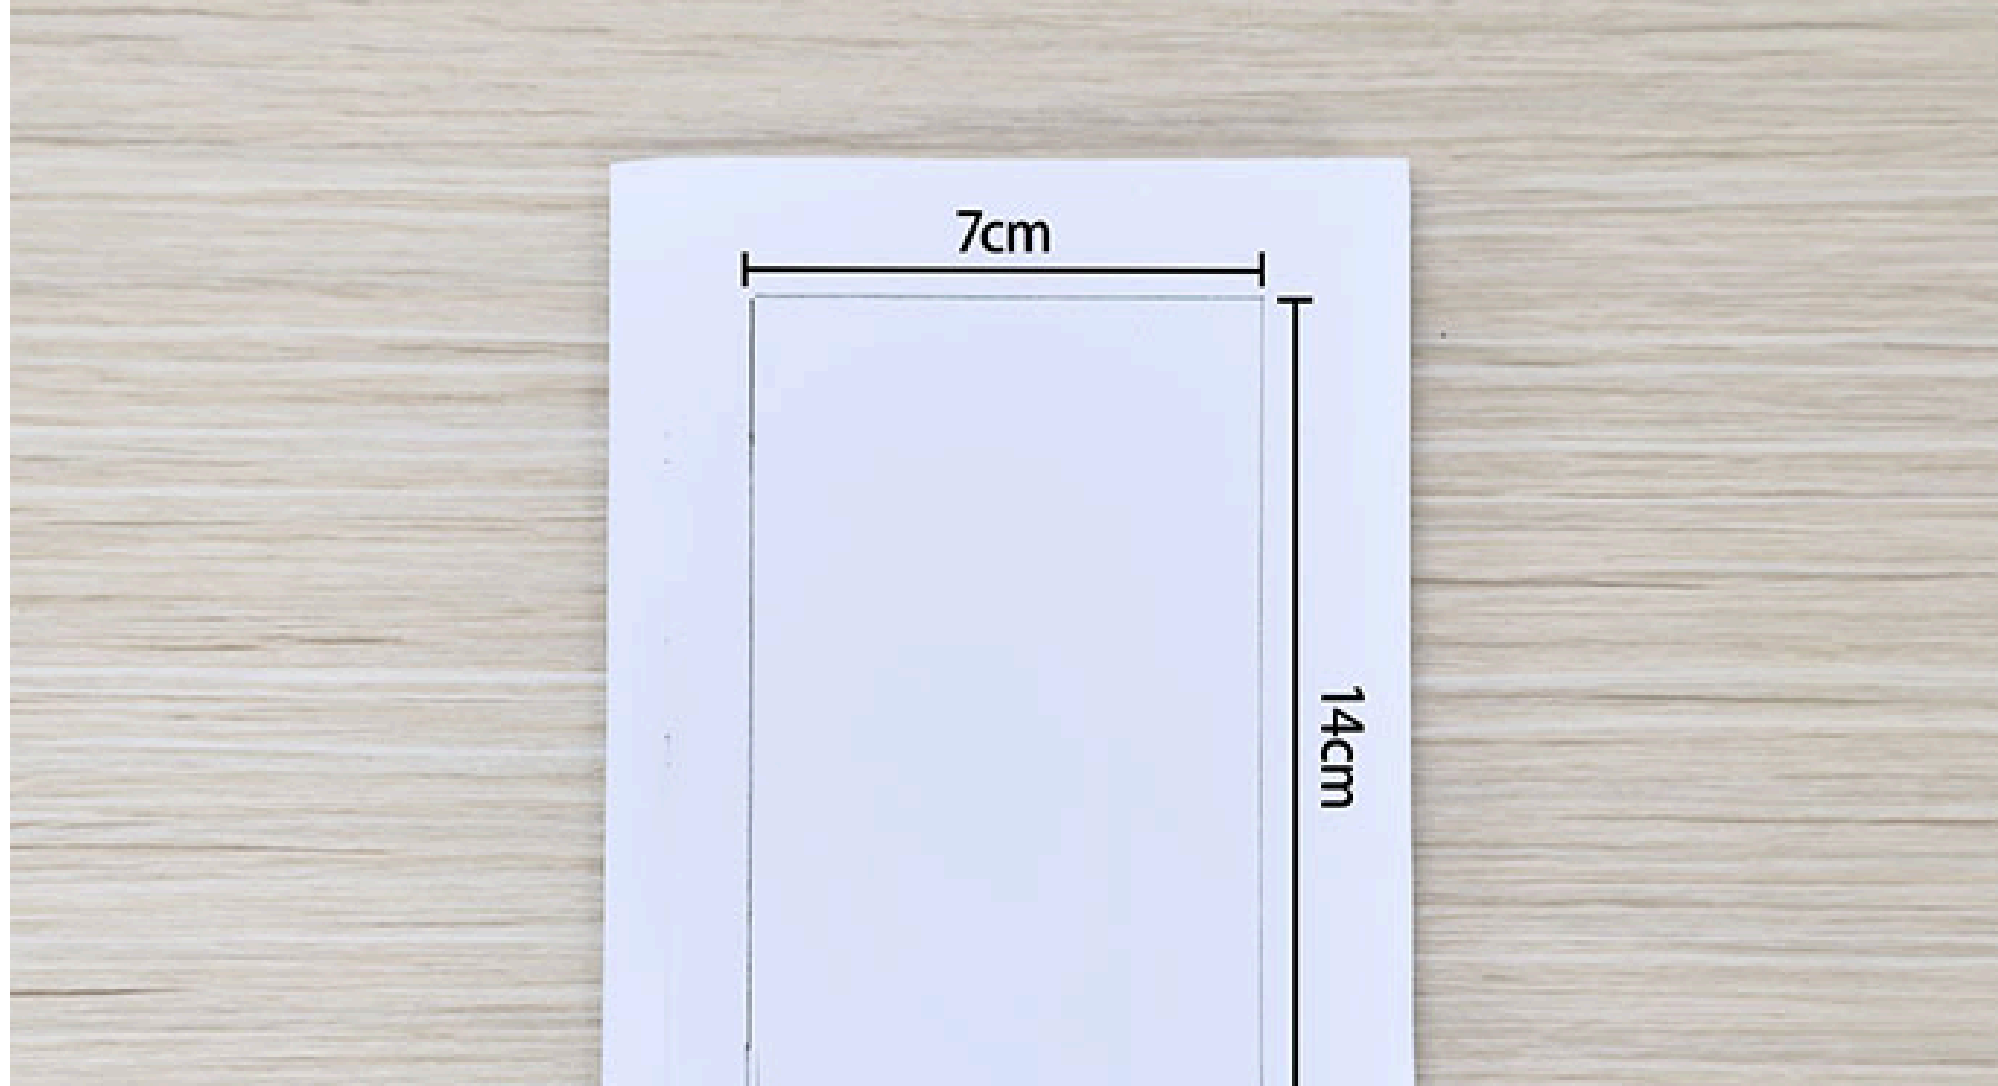

Step 4

From the cut pieces, select one rectangular piece and attach double-sided tape to the bottom as shown.

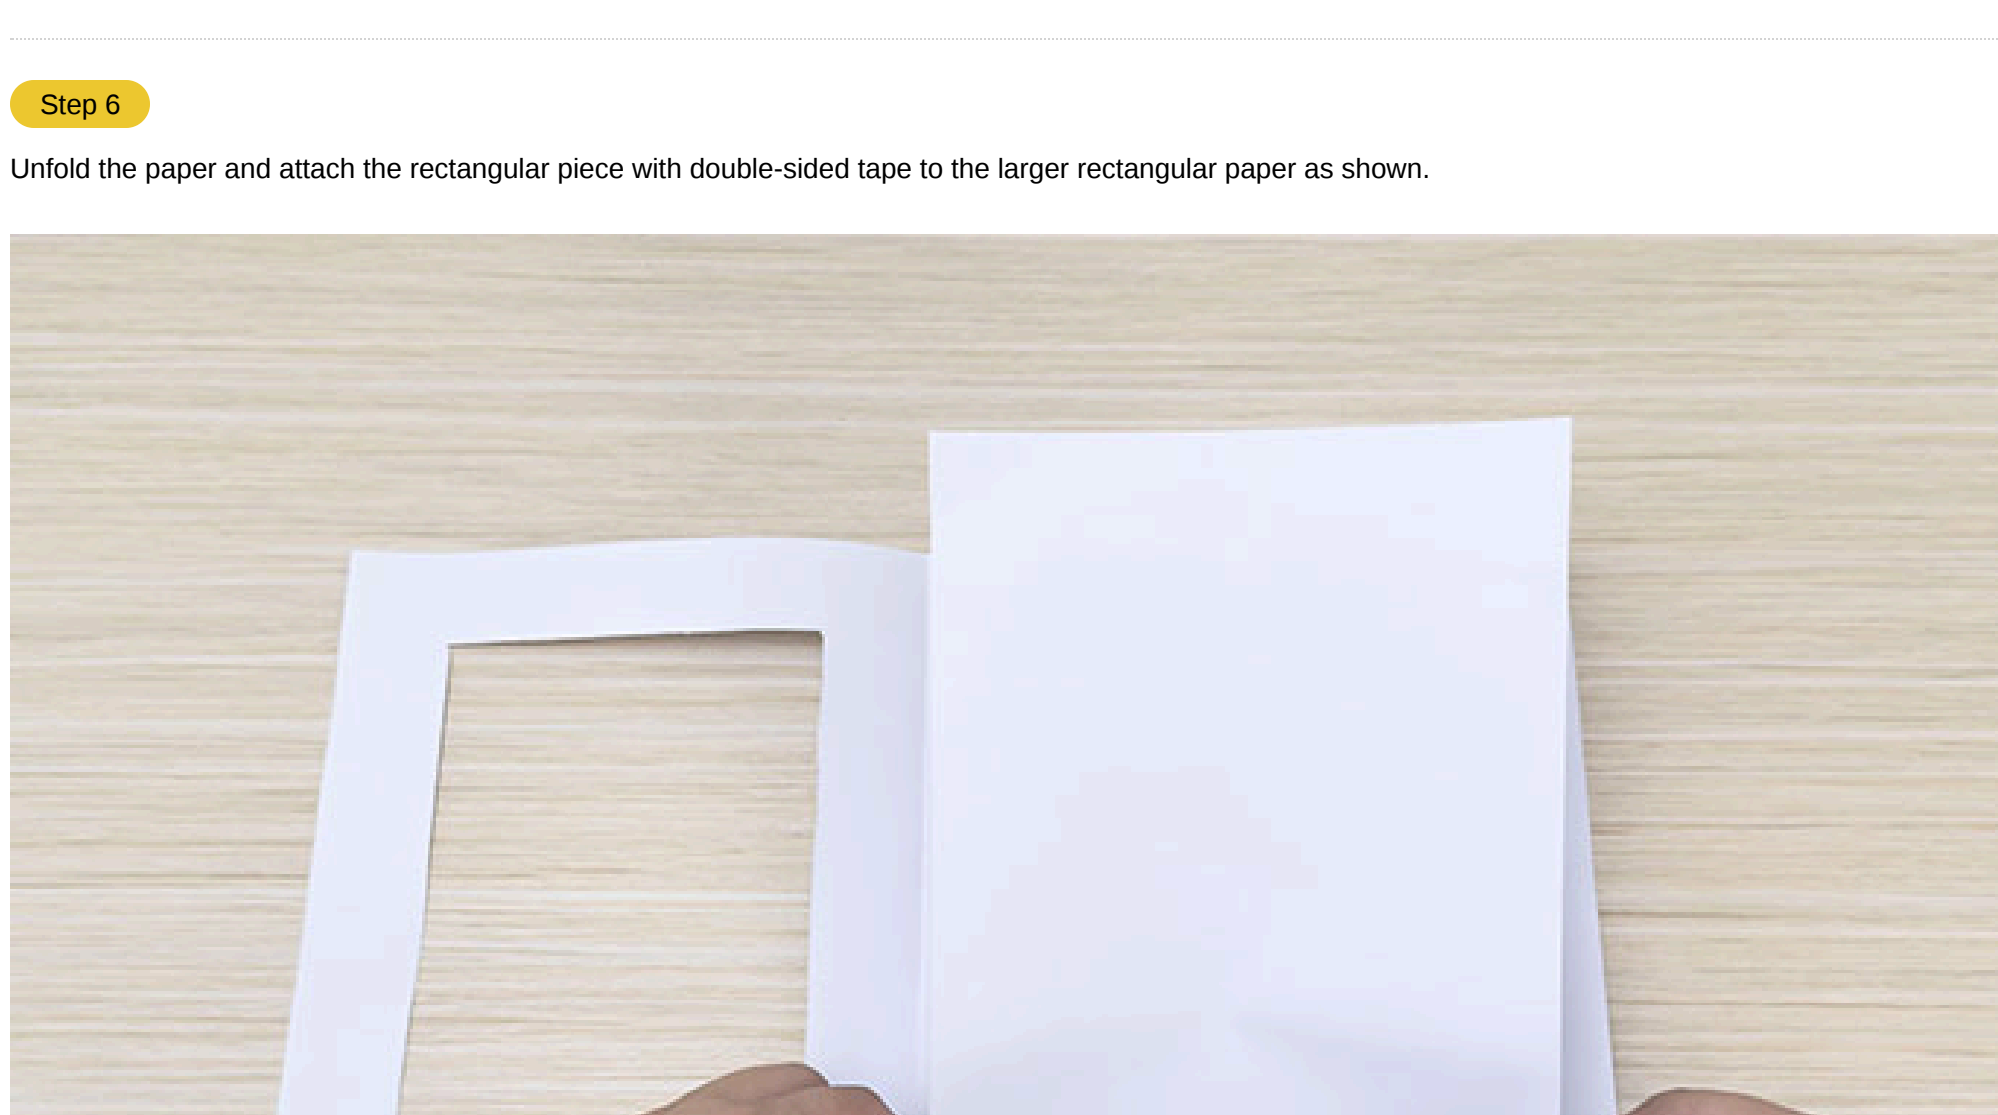

Step 5

Take the other paper and draw a 7cm x 14cm rectangle in the middle of the folded paper. Cut out this rectangle using scissors.

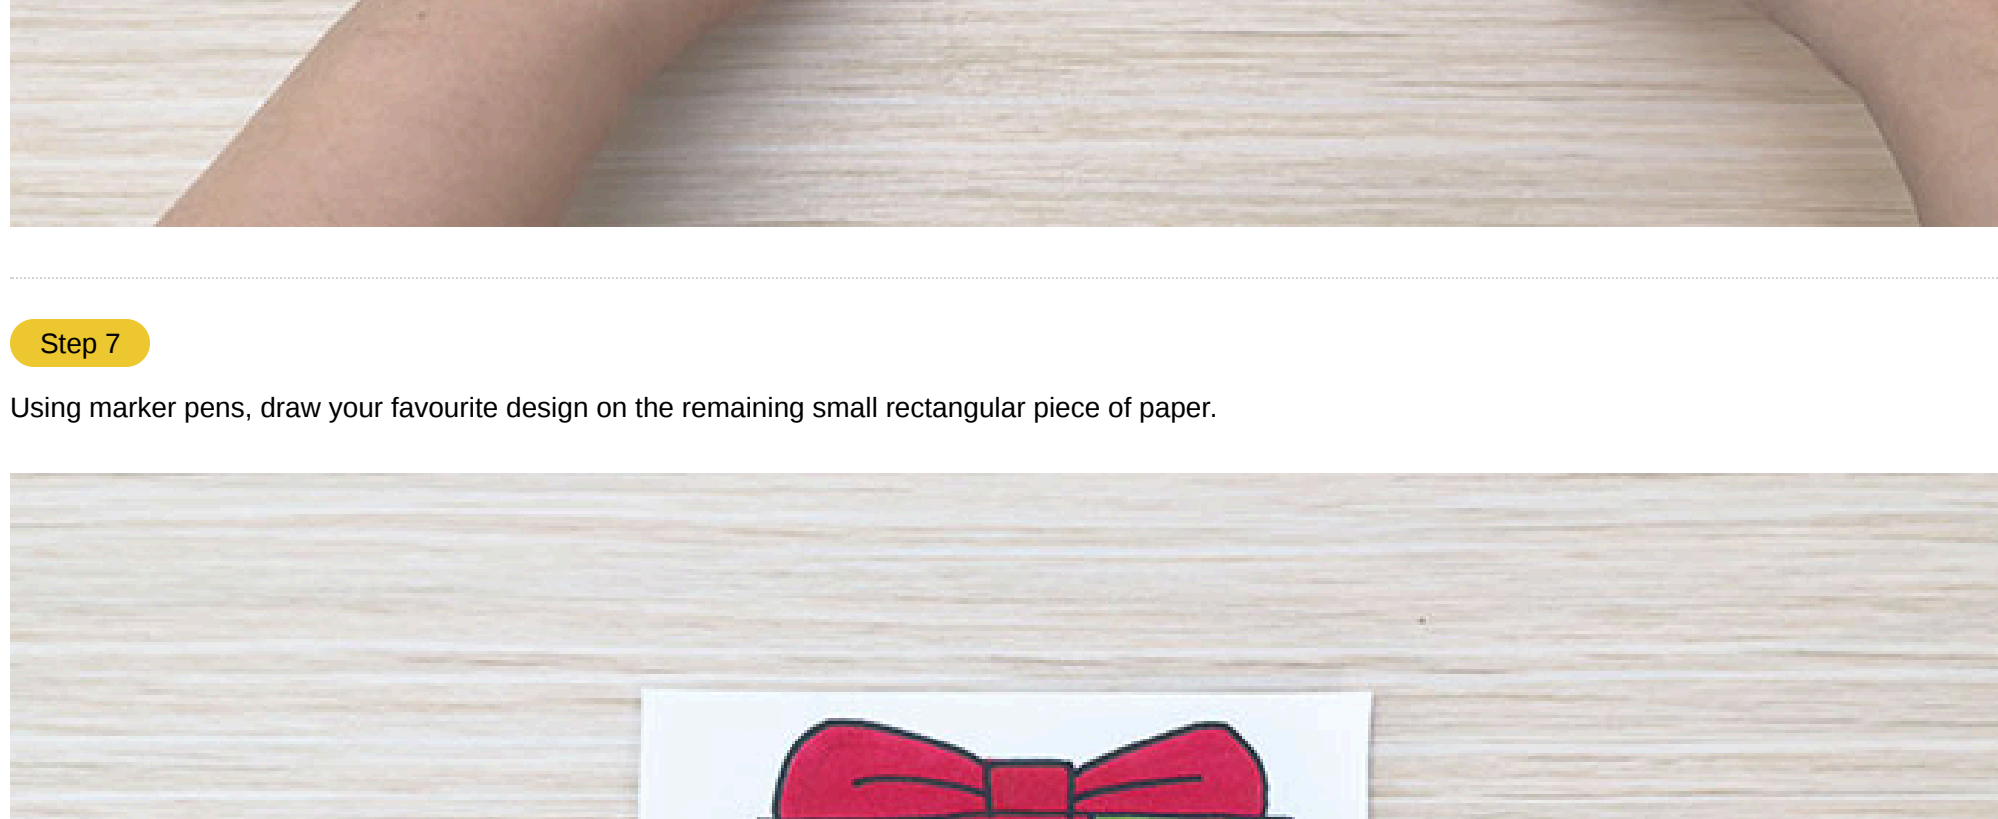

Step 6

Unfold the paper and attach the rectangular piece with double-sided tape to the larger rectangular paper as shown.

Step 7

Using marker pens, draw your favourite design on the remaining small rectangular piece of paper.

Step 8

Take the zip-lock bag and place your decorated paper on top. Cut a piece of the bag to match the size of your paper.

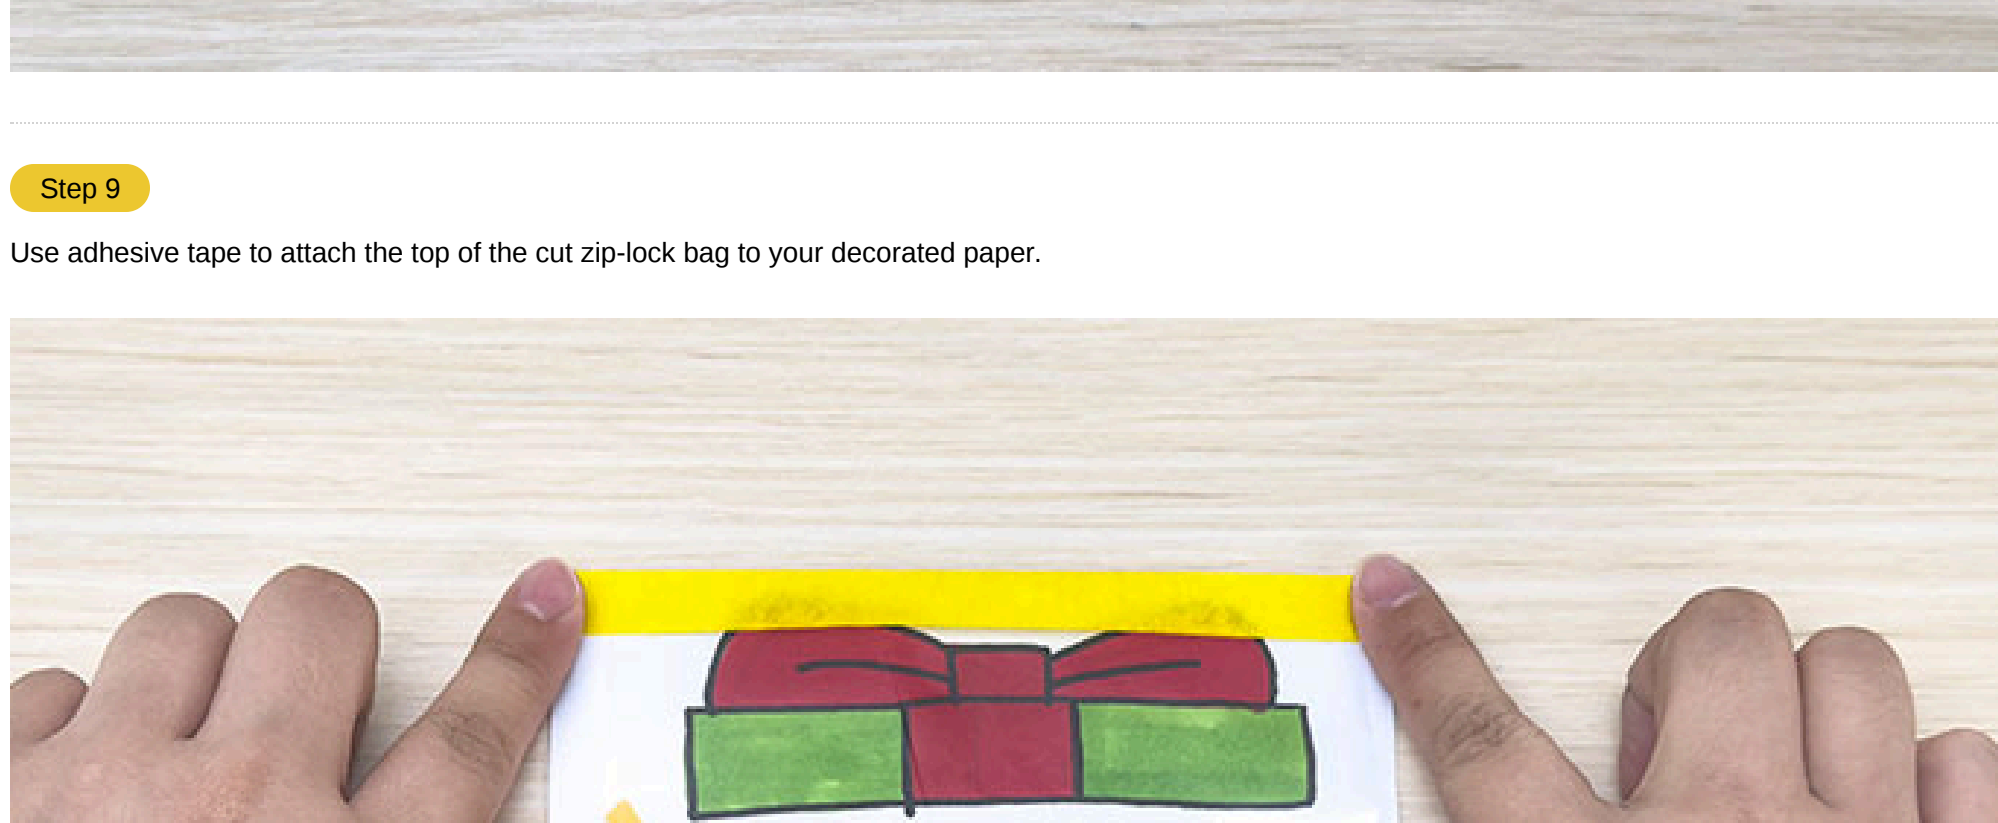

Step 9

Use adhesive tape to attach the top of the cut zip-lock bag to your decorated paper.

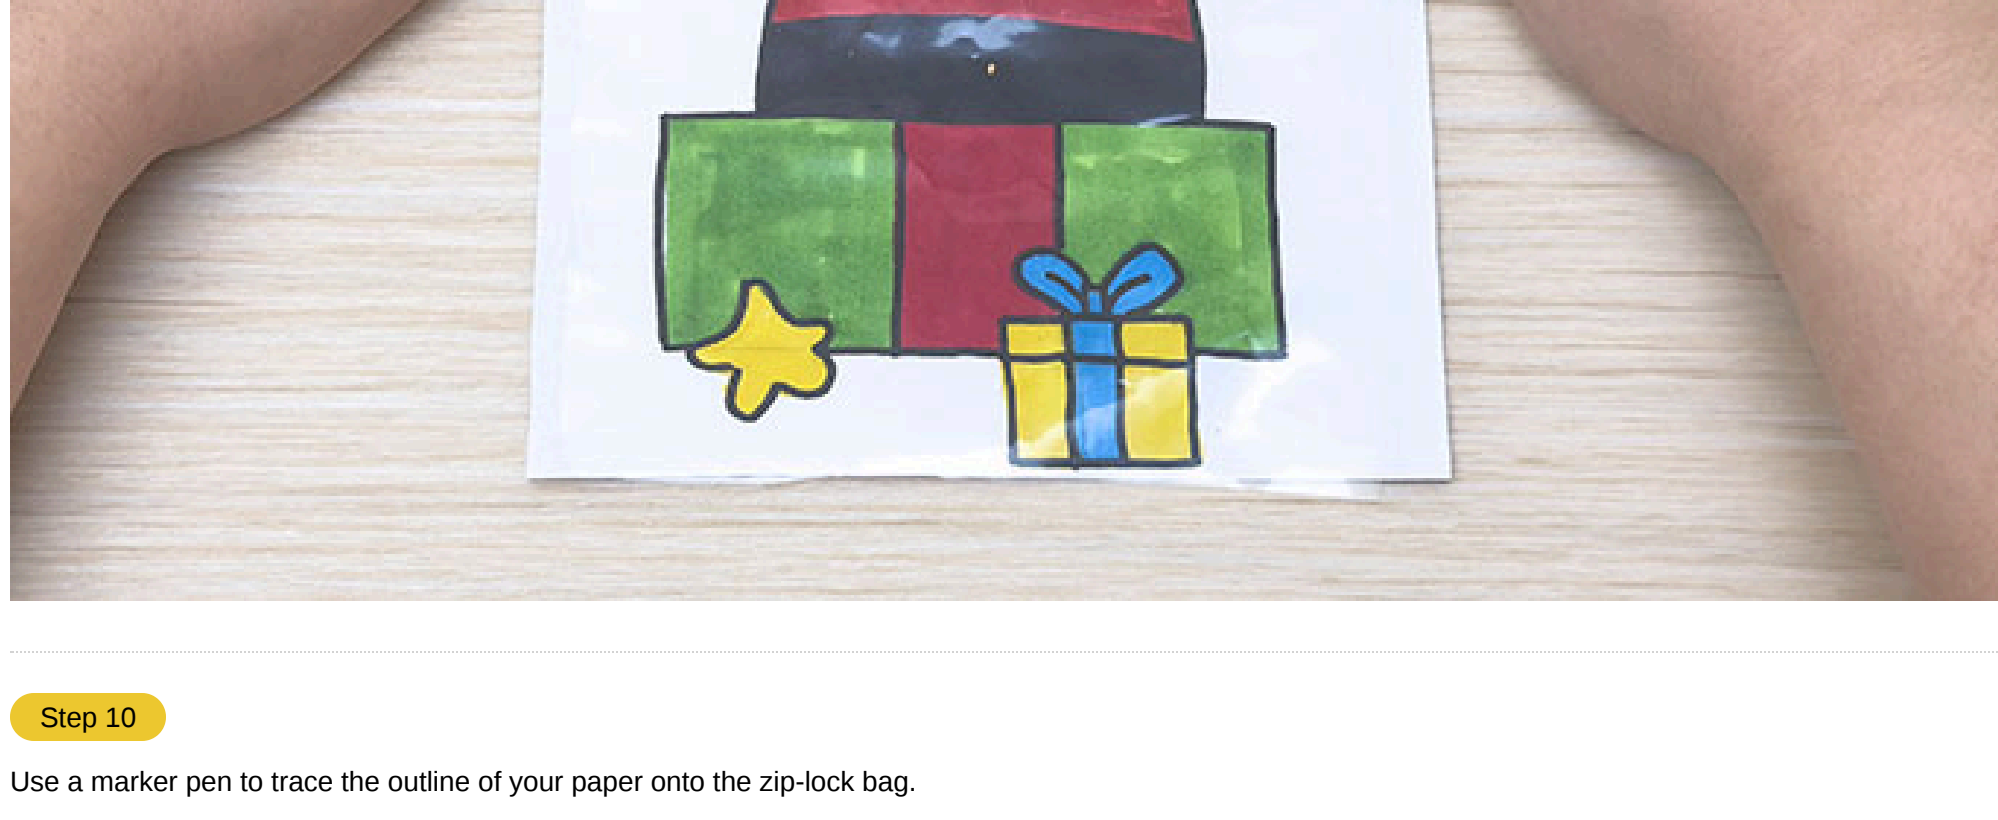

Step 10

Use a marker pen to trace the outline of your paper onto the zip-lock bag.

Step 11

Finally, take the paper with the cut-out window and insert the zip-lock bag assembly into the middle as shown.

Step 12

Secure the right side of the paper with double-sided tape, leaving 1cm of space.

Step 13

Your vanishing character is now complete! Try sliding the middle paper up and down to see the magic happen.
